Welcome to Windows® Fax and Scan

Create and scan faxes, and scan documents and pictures

Faxing

Faxing You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To set up a fax account

1. Connect a phone line to your computer.

   If your computer has an external modem connected, also connect the modem. If not, connect the computer to a phone line.

2. Open the Windows Fax and Scan program.

3. In the folder list, click Inbox, and then, on the toolbar, click Tools, and then click Fax accounts. If you're prompted for an administrator password or confirmation, type the password or provide confirmation.

4. Click Add a new account, and then follow the instructions in the wizard.

For more information about setting up a modem, see the documentation that came with your modem, and then search Help and Support for the topic.

Scanning With your computer and software, you can convert text and pictures on paper into digital pictures that you can view, edit, and e-mail. Before you scan, make sure that your scanner is connected to your computer and that you've installed the software that came with your scanner. You can also fax or e-mail scanned files to someone else.

To scan a document

1. Connect your scanner to your computer, and follow the instructions that came with your scanner. Make sure you've placed the document or picture on the scanner.

2. In the folder list, click Inbox, and then, on the toolbar, click Scan.

3. Click the New Scan button.

4. Choose the scanner you want to use, and then click Add.

For more information about how to fax, e-mail, or save scanned documents, see the Help and Support topics. To open Help and Support, click the Help button on the toolbar.

PROVISIONAL CLEAR BACKGROUND INVESTIGATION
STATEMENT OF UNDERSTANDING

I understand that I am accepting an offer of employment and that I have an option to enter on duty based on the successful completion of my initial pre-employment investigative checks pending the completion of my full background investigation. A favorable adjudication of my background investigation is required for me to be retained in this position for which I applied and was selected. I understand that if I enter on duty prior to the completion of the full background investigation, I will have limited access to CBP systems and will be placed temporarily in a non-sensitive position performing non-sensitive duties.

All positions within U.S. Customs and Border Protection require favorable adjudication with full background investigations. I understand that I am subject to removal from my position with CBP if my full background investigation is not favorably adjudicated.

I understand that I have the right to wait for the completion of my full background investigation.

Must initial one:

_____ I am **willing** to come on-board based on my preliminary background clearance and understand that I must pass the full clear to be retained in this position.

_____ I am **not willing** to come on-board with my preliminary background clearance.

_____ I am **aware that I cannot** come on-board with my preliminary background clearance

Please provide the following:

Full Name (Last, First, MI):
Social Security Number:
Place of Birth (City, State):
Date of Birth (Month, Date and Year):
Mailing Address:
Home Phone:
Cell Phone:
Email Address:

_____ _____
Signature Date

Previous Background Investigation
(Please skip if you have never had a previous investigation)

1. Have you had an employment background investigation completed on you by any federal agency within the past 5 years? _____

2. What was the approximate date of your background investigation? _____

3. What agency conducted the background investigation? _____

AT&T U-verse

February 15, 2011

IMPORTANT: Keep this letter in a safe place. This letter contains essential information that you will need for future interactions with AT&T regarding your AT&T U-verse® service.

Dear Valued AT&T U-verse Member

Thank you for becoming an AT&T U-verse customer!

While you were ordering service, you chose the following four-digit passcode: 4466

This passcode is needed when your AT&T U-verse service is installed. Please make sure that you, or the member of the household who meets the installer, knows this passcode or has this letter handy.

You will also need to know this passcode when doing any of the following related to your AT&T U-verse service:

- registering your primary account member ID*
- performing self-service functions at att.com/uversesupport or 1.800.288.2020*
- speaking to a customer service representative at 1.800.288.2020.

Please treat this passcode as you would any other PIN, password, or security identifier. We recommend that you memorize your passcode and then store this letter in a secure location such as a safe deposit box or home safe. You will also find, on the back of this letter, some helpful hints for understanding the different passcodes, account IDs, passwords, and PINs you may set up with your AT&T U-verse service and what they are used for.

If you have questions about your passcode or would like to change your passcode, please call us at 1.800.288.2020 and request "U-verse technical support." When calling AT&T in the future, please provide one of the following: account number, home telephone number, or your primary "can be reached" number. All of these numbers are cross-referenced to access your AT&T U-verse account.

Thank you and welcome to AT&T U-verse!

AT&T California

To check the status of your AT&T U-verse installation appointment date and time, please visit: **att.com/uversemyorderstatus**. For 24/7 online support, visit: **att.com/uversesupport**

VACCINE INFORMATION STATEMENT

Influenza (Flu) Vaccine (Inactivated or Recombinant): *What you need to know*

Many Vaccine Information Statements are available in Spanish and other languages. See www.immunize.org/vis

Hojas de información sobre vacunas están disponibles en español y en muchos otros idiomas. Visite www.immunize.org/vis

1 Why get vaccinated?

Influenza ("flu") is a contagious disease that spreads around the United States every year, usually between October and May.

Flu is caused by influenza viruses, and is spread mainly by coughing, sneezing, and close contact.

Anyone can get flu. Flu strikes suddenly and can last several days. Symptoms vary by age, but can include:

- fever/chills
- sore throat
- muscle aches
- fatigue
- cough
- headache
- runny or stuffy nose

Flu can also lead to pneumonia and blood infections, and cause diarrhea and seizures in children. If you have a medical condition, such as heart or lung disease, flu can make it worse.

Flu is more dangerous for some people. Infants and young children, people 65 years of age and older, pregnant women, and people with certain health conditions or a weakened immune system are at greatest risk.

Each year **thousands of people in the United States die from flu, and many more are hospitalized.**

Flu vaccine can:

- keep you from getting flu,
- make flu less severe if you do get it, and
- keep you from spreading flu to your family and other people.

2 Inactivated and recombinant flu vaccines

A dose of flu vaccine is recommended every flu season. Children 6 months through 8 years of age may need two doses during the same flu season. Everyone else needs only one dose each flu season.

Some inactivated flu vaccines contain a very small amount of a mercury based preservative, called thimerosal. Studies have not shown thimerosal in vaccines to be harmful, but flu vaccines that do not contain thimerosal are available.

There is no live flu virus in flu shots. **They cannot cause the flu.**

There are many flu viruses, and they are always changing. Each year a new flu vaccine is made to protect against three or four viruses that are likely to cause disease in the upcoming flu season. But even when the vaccine doesn't exactly match these viruses, it may still provide some protection.

Flu vaccine cannot prevent:

- flu that is caused by a virus not covered by the vaccine, or
- illnesses that look like flu but are not.

It takes about 2 weeks for protection to develop after vaccination, and protection lasts through the flu season.

3 Some people should not get this vaccine

Tell the person who is giving you the vaccine:

- **If you have any severe, life-threatening allergies.** If you ever had a life-threatening allergic reaction after a dose of flu vaccine, or have a severe allergy to any part of this vaccine, you may be advised not to get vaccinated. Most, but not all, types of flu vaccine contain a small amount of egg protein.
- **If you ever had Guillain-Barré Syndrome (also called GBS).** Some people with a history of GBS should not get this vaccine. This should be discussed with your doctor.
- **If you are not feeling well.** It is usually okay to get flu vaccine when you have a mild illness, but you might be asked to come back when you feel better.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone line to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Fax

rom Wikipedia, the free encyclopedia

A Samsung fax machine

'ax (short for **facsimile**), sometimes called **telecopying**, is the elephonic transmission of scanned printed material (both text and mages), normally to a telephone number connected to a printer or ther output device. The original document is scanned with a fax **machine** (or a **telecopier**) which processes the contents (text or mages) as a single fixed graphic image, converting it into a bitmap, nd then transmitting it through the telephone system. The receiving ax machine reconverts the coded image, printing a paper copy.[1] Before digital technology became widespread, for many decades, the canned data was transmitted as analog.

Although businesses usually maintain some kind of fax capability, he technology faced increasing competition from Internet-based lternatives. Fax machines still retain some advantages, particularly n the transmission of sensitive material which, if sent over the nternet unencrypted, may be vulnerable to interception, without the eed for telephone tapping. In some countries, because electronic signatures on contracts are not recognized by law while faxed contracts with copies of signatures are, fax machines enjoy continuing support in business.[*citation needed*]

n many corporate environments, standalone fax machines have been replaced by "fax servers" and other computerized ystems capable of receiving and storing incoming faxes electronically, and then routing them to users on paper or via an mail (which may be secured). Such systems have the advantage of reducing costs by eliminating unnecessary printouts nd reducing the number of inbound analog phone lines needed by an office.

USING THIS FORM

You should use this form only if you

- ✓ Meet one or more of the eligibility criteria for using an SAT fee waiver (See the *2012-13 Fee Waivers for SAT and SAT Subject Tests* guide and online at collegeboard.org/feewaivers.)
- ✓ Are applying for admission to college during the 2013-14 academic year
- ✓ Have taken at least one SAT or SAT Subject Test and paid for the test(s) with a fee waiver or have taken an SAT that was paid for by your state or district.

NOTE: This form is NOT a fee-waiver card for the waiver of SAT or Subject Test fees. Please do NOT send it to the College Board to submit it with your test registration. Registrations submitted with this card will be returned unprocessed due to invalid payment.

Submit this form with your college application (or send separately if applying online) after completing it as follows:

1. Fill out the Student Declaration section on the front of this form by signing and indicating the date(s) you tested.
2. Ensure that the person giving you this form has validated it by completing the bottom portion on the front of the form.
3. Check to see that each college to which you are applying is listed in the *Fee-Waiver Directory of Colleges*, which is available online at **collegeboard.org/feewaivers**.
4. Send a completed form with your application to any listed college. Remember that colleges listed in the directory have agreed to *consider* waiving their application fee — you are not guaranteed to have your fee waived.

Do not use this form for applications to colleges that are not listed in the directory.

Hello World!

means any part of the main wall of a building or structure that forms a fire separation

(289) Front Yard

means the area on a lot,

(A) between the front lot line and all the main walls of the building, and

(B) extending parallel to the front lot line across the full width of the lot from the lateral edges of the front wall of the building, such that a building's side main walls extend to the rear and side lot lines.

(290) Front Yard Setback

means a horizontal distance on a lot measured at a right angle from the front lot line to the nearest main wall of a building or structure.

(295) Funeral Home

means premises used for the care and preparation of human remains and may include related cremation and storage of urns and ceremonies at which persons may attend and pay their respects

(300) Funeral Variation Centre

means premises established for the purpose of temporarily placing human remains and may include related cremation and storage of urns and ceremonies at which persons may attend and pay their respects. A funeral variation centre is more limited in its use and excludes the care and preparation of human remains.

(305) Garden Establishment

means premises used for the purpose of staging open games of chance under Province of Ontario legislation excluding bingo or other lotto events licensed by the City of Toronto for charitable purposes.

(310) Gas Bar

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

The following questions will be considered orally at the Theocratic Ministry School during the week beginning June 30, 2008. The school overseer will conduct a 30-minute review based on material covered in assignments for the weeks of May 5 through June 30, 2008. [Note: Where there are no references after the question, you will need to do your own research to find the answers.—See Ministry School, pp. 36-7.]

SPEECH QUALITIES

1 What can we do to ensure that the illustrations we use are understood? [be p. 242 par. 3–p. 243 par. 1] *** be study 46 p. 242 par. 3 - p. 243 par. 1 Illustrations/Examples That Teach ***

Will It Be Understood? Whatever illustration or example you use, it ought to accomplish some definite objective. Will it do that if you do not make application of it to the subject under discussion?

After referring to his disciples as "the light of the world," Jesus added a few remarks about how a lamp is used and what responsibility this implied for them. (Matt. 5:15, 16) He followed up his illustration of the lost sheep with a comment about the joy in heaven over a sinner who repents. (Luke 15:7) And after his story about the neighborly Samaritan, Jesus asked his listener a pointed question and followed it up with some direct counsel. (Luke 10:36, 37) In contrast, Jesus explained his illustration about the various kinds of soil and the one about the weeds in the field only to those humble enough to ask, not to the crowds. (Matt. 13:1-30, 36-43) Three days before his death, Jesus spoke an illustration about murderous vineyard cultivators. He made no application; none was needed. "The chief priests and the Pharisees . . . took note that he was speaking about them." (Matt. 21:33-45) So the nature of the illustration, the attitude of the audience, and your objective all have a bearing on whether application is required and, if so, how much.

Developing the ability to use illustrations and examples effectively takes time, but the effort is well worth it. Well-chosen illustrations couple intellectual appeal with emotional impact. The result is that the message is conveyed with a force that is not often possible with simple statements of fact.

2. Why are uncomplicated illustrations that are drawn from familiar situations effective? [be p. 245 pars. 2-4]

*** be study 46 p. 245 pars. 2-4 Illustrations From Familiar Situations ***

Are you as careful as Jesus and Paul were in selecting illustrations and examples to use in your teaching? Do you consider the background and the daily activity of your listeners? Of course, there have been changes in the world since the first century. Many people have access to world news by means of television. Situations in foreign lands are often familiar to them. Where that is the case, it certainly is not amiss to draw on such news items for illustrations. Nevertheless, the things that touch people most deeply usually involve their personal lives—their home, their family, their work, the food they eat, the weather in their area.

If your illustration requires a lot of explanation, you may be talking about something that is not familiar to your audience. Such an illustration can easily overshadow the point of the instruction. As a result, the audience may remember your illustration but not the Scriptural truth that you were endeavoring to convey.

Instead of making complicated comparisons, Jesus used simple, everyday matters. He made use of little things to explain big things and easy things to make hard things plain. By making connections between everyday events and spiritual truths, Jesus helped people to grasp more readily the spiritual truths he was teaching and to remember these. What a fine example to follow!

3. How important is effective use of visual aids, and how did Jehovah use them to teach vital lessons? (Gen. 15:5, Jer. 18:6, Jonah 4:10, 11) [be p. 247 pars. 1-2]

(Genesis 15:5) He now brought him outside and said: "Look up, please, to the heavens and count the stars, if you are possibly able to count them." And he went on to say to him: "So your seed will become."

FIRST RESPONSE LIFELINE & TRAINING

To Whom It May Concern:

Melissa has been employed with First Response Lifeline & Training since January of 2003 as a Health and Safety Instructor. Melissa is a dedicated employee, and one of my lead instructors. She is highly motivated in what she does, and her evaluations are outstanding.

Even though Melissa has not done much with Marketing and Sales in the past, she has learned very quickly, and has had much success at it.

We greatly enjoy having Melissa on staff here at our company.

If I can be of further assistance, please feel free to call me at (301) 780-3424.

Ingredients

2 1/2 cups all purpose flour
1 tablespoon ground cinnamon
2 teaspoons baking powder
1 teaspoon salt
1/2 teaspoon baking soda
1 cup (2 sticks) unsalted butter, melted
1 1/2 cups packed light-brown sugar
4 large eggs
6 Granny Smith apples, peeled, cored, and sliced 1/4 inch thick
1 cup confectioners' sugar
1 to 2 tablespoons water

Directions

Preheat oven to 350 degrees. Bake the cake: In a medium bowl, whisk together flour, cinnamon, baking powder, salt, and baking soda.
Watch: How to Core an Apple

In a large bowl, combine butter, brown sugar, and eggs. Whisk until smooth. Gradually whisk in dry ingredients just until combined (do not overmix). Using a rubber spatula, fold in apples. Spoon batter into a 12 cup nonstick Bundt pan, and smooth top. Bake until a tester inserted in cake comes out clean, 50 to 60 minutes. Cool in pan on rack 15 minutes; invert onto rack to cool completely.

Make the Glaze: Whisk together confectioners' sugar and enough water to form a thick yet pourable glaze. Set rack with cake over a piece of wax paper (for easy cleanup); drizzle cake with glaze, and let set before serving.

Consumer Education Reduces Fuel-Related Service Issues

Customers need to know about fuel concerns when operating and storing equipment

BY J.D. ERNSTROM

One of the greatest challenges facing both dealers and manufacturers is educating customers regarding the importance of using fresh quality fuel. Every salesperson should warn customers about the damage that can occur if dirty, poor-quality fuel is used in their equipment. The information manufacturers' fuel recommendations in depth. However, [illegible] can easily

spring dealership appointments with customers with no-start complaints about their lawn and garden equipment. In many cases complaints are related to bad fuel problems, ranging from letting the unit sit all winter with fuel in it or using fuel from a storage container.

Fuel related issues are possibly the number one reason for customer dissatisfaction with small engine products. In every instance, it's hard to explain why a customer must spend $75 or more to repair a product that is still under warranty. The purpose of this article is to offer information that will assist dealers in helping customers understand not only the importance of using fresh, quality fuel but why the repair cannot be covered under a normal warranty [illegible]

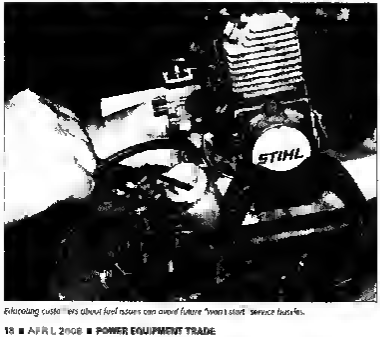
If you read a manufacturer's warranty policy and you should be familiar with all of your manufacturers' policies. Most, if not all, are called Limited Warranty Policy. Just stating that a warranty can make it more difficult to resolve these types of issues with customers.

Gasoline Basics

As is most hydrocarbon fuels, gasoline is made up of carbon and hydrogen molecules. It is believed that organic material mixed with mud under extreme pressure without oxygen created crude oil. Crude oil is pumped out of the ground and then processed by refineries into various petroleum products. Simply, heavy material such as asphalt, light and light products such as gasoline.

The highest quality gasoline with the longest shelf life is "premium" the refiners are able to make from crude oil in one refining process. Additional refining steps or chemicals added to the fuel may decrease the quality and therefore assemble life of the gasoline.

It's also important to keep in mind there is enough refining as a standard gasoline. Gasoline is formulated to meet the requirements for not only hydrocarbon but other factors, specific geographical areas. Gasoline is produced with the expectation that it will be used within one or two weeks after it is sold. The fuel of today is different than it was 10 years ago, in order to cause less impact on the environment in regard to pollution and evaporation coming from the engine. Simply, all fuel currently sold in the U.S. will have up to 10% ethanol added in an attempt to lessen our dependence on foreign sources of oil. It is formulated for the time of year it will be



Educating customers about fuel issues can avoid future "won't start" service hassles.

Dear Pete,

Permit me to introduce you to the facility of facsimile communication.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

Known issues with version 1.11

PCs with nVIDIA USB controller chips may not offer optimum performance for audio streaming over USB 2.0 resulting in audio artifacts. A higher latency setting or the addition of a non-nVIDIA USB 2.0 card is required.

To find out what controller chip your PC uses:

- Go to START > Control Panel > System
- Click on the Hardware tab, then the Device Manager button
- Click the "+" (plus) sign next to Universal Serial Bus Controllers

You will see the chip manufacturer of all installed USB controllers.

If a WDM audio application (e.g. Windows Media Player or iTunes) is running and a US-122L / US-144 and changes its sample rate, the audio will play at the wrong pitch. The workaround is to quit the WDM audio application and launch it again. The application should now play audio at the correct pitch.

In order to use a US-122L or US-144 reliably with Windows Media Player, select the US-122L or US-144 as the Sound playback Default Device in the Audio tab of the Sounds and Audio Devices control panel. Do not configure the audio interface from within Windows Media Player.

Miscellaneous

The MIDI Activity and USB LEDs may continue to illuminate after a connected computer is shut down. This is because some computers continue to provide power on the USB cable even when shut down.

The US-144's digital input will not be available if the clock mode in the control panel is set to *Internal*. To use the digital input, set the clock mode to *Automatic* so the US-144 will clock to the external device.

The **MIDI IN** indicator lights when any MIDI data is being received at the **MIDI IN** connector. A device that transmits the MIDI Active Sense message will cause this indicator to flash constantly. To avoid this, disable the use of MIDI Active Sense on the sending device.

Cubase and Nuendo allow their ASIO ports to be renamed. In the event it becomes necessary to reset the port names (as would be the case when switching between a US-122L and a US-144), perform the following steps:

- From the Devices menu, select *Device Setup*.
- Click on *VST Inputs*, then click the *Reset* button
- Click on *VST Outputs*, then click the *Reset* button

When using the Windows Media Player and the Control Panel under "Sounds and Audio Devices" Audio Tab has "Microsoft GS Wavetable SW Synth" selected as the MIDI music playback default device, it is not possible to hear that output through the US-122L/144 Line Out or Phones outputs.

MTA Reduced-Fare MetroCard

Conditions of Use and Other Important Information

for a Metropolitan Transportation Authority Reduced-Fare MetroCard (RFM) issued to people 65 years of age and older and people with disabilities. This program is managed by MTA New York City Transit.

Valid Use. RFM can be used to pay fares on all MTA New York City Transit subways, NYC Transit local buses, express buses only during non rush hours, MTA Staten Island Railway, Nassau Inter-County Express Bus (NICE) MTA Bus, Roosevelt Island Tram, Westchester Bee-Line local buses and express Bee-Line BxM4C buses only during non rush hours.

The RFM is valid identification for eligibility in the reduced-fare programs of the MTA Long Island Rail Road and MTA Metro North Railroad anytime except weekday rush hours to New York City terminals. To receive the reduced fare, show the RFM to train personnel or station agents when purchasing your ticket.

Expiration Dates: Reduced-Fare MetroCards expire on the date printed on the back of the card. As long as you actively use your card, NYC Transit automatically sends you a new RFM before the expiration date.

The full value on an expired RFM may be transferred to a new RFM at a subway station booth. Any remaining value that is not transferred to a new RFM within two years after the expiration date on the original RFM will be surrendered by and unavailable to the card holder.

Trouble Using RFMs. An RFM that does not work or is damaged should be returned to MetroCard Customer Claims. Ask a station booth agent or bus operator for a prepaid envelope in which to return your card to us. In the envelope you'll find a form to fill out so you can describe your RFM problem.

If you prefer you may bring your damaged RFM to the MetroCard Customer Service Center at 3 Stone Street in downtown Manhattan, 8 AM to 6 PM Monday to Friday.

If you cannot get a prepaid mailer send the damaged card to our mailing address at:

MetroCard Customer Claims
130 Livingston Street
Brooklyn, New York 11201-9625

Be sure to include your name, address and phone number your damaged RFM, an explanation of the problem and the address to which the new RFM should be sent.

The holder assumes the risk of loss until the card is received by either MetroCard Customer Claims or the MetroCard Service Center.

Change of Address: Notices and replacement cards will be sent to you at the address you provide. You must inform us promptly in writing, of any change of address.

Lost or Stolen RFMs. Immediately report a lost or stolen RFM by calling the MetroCard Customer Service Center 718 330 1234 6 AM to 10 PM or via our MetroCard eFIX system at www.mta.info. Any value or unlimited rides on your card will be transferred to your replacement RFM after the old RFM has been frozen and any balances verified.

Restrictions. An RFM may be used only by the person to whom it has been validly issued. Use of the RFM by any other person may result in forfeiture of the card and its remaining balances, plus civil and/or criminal penalties.

You must present your Reduced-Fare MetroCard to a police officer or transit personnel upon request.

There are no refunds of money remaining on RFMs. Money remaining on an expired card may only be transferred to a new card within two years of the expiration date. Money from a full fare MetroCard cannot be newly-turned to a temporary or permanent RFM. No redemptions or exchanges will be given for an RFM that has been altered or tampered with or whose value cannot be verified.

The City of New York, the State of New York, the County of Westchester and the Metropolitan Transportation Authority and its subsidiaries and affiliates, including New York City Transit are not liable for any special or consequential damages associated with or resulting from the failure, malfunction, or disabling of the RFM or the MetroCard system.

The MTA Reduced-Fare MetroCard and its use are subject to all tariff provisions, rules and regulations of the New York City Transit Authority and its affiliates, and Westchester County Bee-Line System.

For more information call 718-330-1234 6 AM to 10 PM. If you are deaf or hard of hearing, use the free 711 relay or your preferred relay service provider to contact us. Have the card at hand so you can read the serial number and expiration date to the customer service agent who assists you.

How Can I Test My Fax Machine?

I just bought up a new fax machine and I'd like to run it just to make sure that it's okay?

Theoretically you want to test your fax machine by sending a fax from it to itself. Here's how to do that:

To test the send functionality of your fax machine, send a one-page 3-9900 (a number in Northern California.) When it's finished transmitting, press 1 for Fax Time — if a fax activity that displays whatever is faxed to that number. Your fax should appear on the unit. Check the threshold to see if it's in focus.

To test the receive functionality of your fax machine, locate your neighbor who also has personal faxes for free to anywhere in the United States and Canada (minutes, your fax machine should ring — hopefully. It will automatically answer as fax.

Prayer to St Joseph over 1900 years old

O St Joseph whose protection is so great so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St Joseph, Patron of departing souls, pray for us Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle

Make this prayer known everywhere.

Imprimatur

Choosing a wireless router can be a trial. There are so many buzzwords, so much hype, and so many conflicting customer review results that all the research you do may actually leave you more confused. Throw into the mix the latest crop of first-time routers that have emerged on the market, and, truly trying to pick the best router for your needs can be a dizzying experience. Vendors promise the moon when it comes to how well a router performs, the coverage it offers, and how much it helps with demanding tasks such as video streaming. To help you sort through the glut of information out there, we actually test the latest routers on the market.

In addition to the information in our reviews, a smart shopper ought to also be armed with a decent understanding of just what it is they are buying, so here's a little information on routers. A wireless router is the hub of your home's or business' network. At its most basic, a router delivers a single Internet connection to other devices on the network either through wired Ethernet or wireless connectivity. In addition, routers often provide additional capabilities such as a USB port for attaching an external drive or printer and then sharing those devices on a network, built-in firewalls to protect against Internet threats from invading a network, and services such as UPnP and DLNA to allow streaming multimedia content throughout the network.

Wi-Fi routers can also perform other useful tasks, such as allowing you to set up access for guests to connect to your wireless network and use your Internet service (without giving them access to resources like files and printers, or you can at least limit that access). You can also use a router's Quality of Service (QoS) feature to give priority to the type of network traffic most important to you be it Voice over IP (VoIP), video, or even file sharing.

So although a Wi-Fi router's main function is delivering Internet (or WAN) access to your private network devices and giving those devices wireless access, it can do much more- some can police what your children access on the Internet, (like the Cisco Linksys E4200v2) and just about all can restrict which devices can connect to your network via a feature called MAC filtering (such as the Netgear N750)

Routers can vary from very feature-heavy to bare-bones. Some routers, targeted at novice users, are very easy to set up, while others take a little more know-how. Routers vary in the throughput they can crank out depending often on the antenna configuration and hardware components inside. You can get more information on the type of router you need in our How to Buy a Wireless Router guide. If you are pondering whether to go with the latest in router technology- the 802.11ac routers, check out Wireless-N vs. AC: Should You Buy an 802.11ac Router?

When testing routers we look at a couple of key features throughput speeds, how well the device keeps decent throughput as you move a wireless client farther from it, how easy or difficult the router is to set up, its manageability, its feature set, and pricing. The ten routers that follow strike the best balance among all our criteria. Read the quick recaps below and then click through to the full reviews for more details on our favorite routers.

/r/bodyweightfitness Recommended Routine

Warmup

Dynamic Stretches: 5-10 reps each

- Wall Extensions
- Band Dislocates
- Cat Camels
- Scapular Shrugs
- Full Body Circles
- Front Leg Swings
- Side Leg Swings
- Wrist Mobility Exercises

Bodyline Work: 10-60s hold each

- Plank
- Side Plank
- Reverse Plank
- Hollow Hold
- Arch Hold

Skill Work

Set a timer and go practice your support and your handstand, resting as necessary. When time's up, you're done.

Handstand. 5-10 minutes

- **Level 1:** Wall Plank
- **Level 2:** Wall Handstand
- **Level 3.** Freestanding Handstand

Support: 2-3 minutes

- **Level 1:** Parallel Bar Support
- **Level 2.** Ring Support
- **Level 3.** Rings Turned Out Support

Strength Work

For each pair do 1 set of the first exercise, then rest 90 seconds, then 1 set of the second exercise. Rest 90 seconds then repeat another 2 times for a total of 3 sets of each exercise. Rest for 90 seconds to 3 minutes between pairs.

All exercises are to be done in a 10x0 tempo. 1 second down, no pause at the bottom, explode up and no pause at the top. When deciding up, it's the intent that matters. If the actual movement is slow, that doesn't matter, but don't artificially slow it down.

Pair 1 *If you can't do diamond pushups and horizontal rows yet simply skip these for now.*

Pullup. 3x 5-8 reps

- **Level 1:** Pull up Negative
- **Level 2.** Pullup
- **Level 3.** L Sit Pullup
- **Level 4.** Pullover

Support: 3x 5-8 reps

- **Level 1.** Parallel Bar Dips
- **Level 2.** Ring Dips
- **Level 3.** Rings L Sit Dips

Pair 2

Squat: 3x 5-8 reps

- **Level 1.** Assisted Squat
- **Level 2.** Squat
- **Level 3.** Deep Step Up

L-Sit. 3x 10-30 sec holds

- **Level 1.** Foot Supported L Sit
- **Level 2.** One-Leg Foot Supported L-Sit
- **Level 3.** Tuck L-Sit

The minimum cost of keeping the penny in circulation was $150 million in 2005, according to the Desjardins Group. However the cost that year would have been especially high because it was the peak year for penny production. The $150 million includes costs for government, financial institutions, retailers and consumers.

Will prices go up?
The government claims the inflationary effect of eliminating the penny will be small or non-existent, based on a study by the Bank of Canada in 2005.

Where is the penny produced?
Winnipeg

What's a penny made from?
Here's the composition of the one-cent coin from 1908 until now:

Source: Royal Canadian Mint
The copper penny was last produced in 1996.

Why do the letters KG appear on the penny below the maple leaf?
These are the initials for George Edward Knight Grey, the English artist who created the penny's maple leaf twig design in 1937. His design and his initials also adorn the Canadian nickel.

Coins abandoned around the world

Other countries have stopped using their low-value coins. Some examples:

- Australia removed its one-cent and two-cent coins from circulation in 1992.
- Brazil discontinued the production of one-centavo coins in 2005.
- Finland has not issued one-cent or two-cent euro coins since the euro was introduced in 2002.
- Israel stopped issuing the one-agora coin in 1991 and the five-agorot coin in 2008.
- Netherlands stopped issuing one-cent and two-cent euro coins in 2004.
- New Zealand removed its one-cent and two-cent coins from circulation in 1985 and its five-cent coin in 2006.
- Norway removed its one-ore and two-ore coins in 1972, by 1981 it had also removed its five- 10- and 25-ore coins.
- Sweden removed its one-ore and two-ore coins in 1971, by 1992 it had also removed its five- 10- and 25-ore coins. In 2009 it removed the 50-ore coins from circulation.
- Switzerland officially withdrew its one-centime coin from circulation in 2006, while the two-centime coin lost its legal tender status in 1976.
- Britain removed the legal tender status of the half-penny in 1984.

Disappointed

The hillbilly couple mortgaged their farm so their daughter could go to college.

Now, driving her from the bus station on her first visit home, the father was disturbed when his daughter whispered, "Paw, I have a confession to make: I ain't a virgin no more."

The old man shook his head sadly.

"After all the sacrifices Maw and I made to give you an education and you still say ***'ain't'***!"

FILING AN APPEAL
To appeal an initial decision made on a Social Security application perform the following steps

READ THE FACT SHEET
Read SSA's Fact Sheet on the Appeals Process available at http://www.ssa.gov/pgm/ref/3041.html

SUBMIT FORM SSA-561
Print complete, sign and mail form SSA-561 (Request for Reconsideration) to your local office. This form is available at http://www.ssa.gov/forms/ssa-561.pdf. This must be received at SSA no more than 60 days from the date of your initial denial letter

MEDICAL RELEASE FORMS
To appeal a disability decision we need SSA FORM-827 to process this request. This form is available at http://www.ssa.gov/online/ssa-827.pdf.
? Print complete, sign and submit one Form SSA-827(s).
? Each copy should have an original signature on it. Photocopied signatures will not be accepted
? Anyone (adult) should sign on the space marked "witness"
? Do not complete the "FROM WHOM" section of the form as some medical records are bound by contractions
? SSA forms must be printed on 8 1/2" x 11" white paper.
? Please must print the form with blue or black ink to be acceptable to SSA
? When submitting them to SSA, include the front and back sides of the forms

DISABILITY MEDICAL REPORT
To appeal a disability decision complete online and submit electronically a new Disability Report. Please complete SSA's Online Disability Report available at http://www.socialsecurity.gov/disability recon. If the form can not be completed online a paper copy can be downloaded by going to https://www.ssa.gov/forms/ssa-3441.pdf (SSA 3441 BK) or by contacting your local office (address below).

ATTORNEY/NON-ATTORNEY REPRESENTATION
To appeal an SSA decision and have a representative assist with the appeal the person appealing the decision and the representative will need to print, complete, sign and mail form SSA 1696 (Appointment of Representative) available at http://www.socialsecurity.gov/online/ssa-1696.html.

Almond and Lemon Biscotti Dipped in White Chocolate

Recipe courtesy Gisele De Laurentis, 2005

Prep Time:	20 min	Level:	Serves:
Inactive Prep Time:	hr min	Intermediate	36 biscot
Cook Time:	1 hr 0 min		

Ingredients

- 2 cups all purpose flour
- 3/4 cup cornmeal
- 1 1/2 teaspoons baking powder
- 1 teaspoon salt
- 1 cup sugar
- 3 large eggs
- 3 tablespoons grated lemon zest (from about 3 to 4 lemons)
- 3/4 cup coarsely chopped whole almonds
- 18 ounces white chocolate chips

Directions

Preheat the oven to 325 degrees F.

Line a large baking sheet with parchment paper. In a large bowl, whisk together the flour, cornmeal, baking powder, and salt.

In another large bowl, beat the sugar and eggs with an electric mixer until pale yellow, about 3 minutes. Mix in the lemon zest and then the flour and beat until just blended. (The dough will be sticky.) Stir in the almonds. Let the dough rest for 5 minutes.

Divide the dough evenly into 2 equal mounds and place on the prepared baking sheet. With moist hands, spread the dough evenly apart and form into 2 (9-by-3-inch) logs. Bake for 35 minutes until lightly browned. Cool for 5 minutes. Using a serrated knife, cut the logs crosswise into 3/4-inch thick diagonal slices. Arrange the biscotti cut side down on the same baking sheet. Bake until the cookies are pale golden, about 25 minutes. Let cool completely.

Place the chocolate chips in a medium bowl. Place the bowl over a pan of simmering water, making sure the bottom of the pan does not touch the water. Stir until the chocolate is melted and smooth. Dip the end of each biscotti in the chocolate. Transfer the dipped biscotti to a wire rack, set over a baking sheet, until the chocolate has hardened. Store in an airtight container.

Hello,

SyncMyRide.com

Learn more about how SYNC® works, discover how to personalize your experience, get support when you need it and much more.

OWNER LOGIN

Access great SYNC features such as the Vehicle Health Report, SYNC Services such as personalized Traffic Alerts, turn-by-turn directions, business search and more.

QUICK SUPPORT

When you have a question or need answers, you can get step-by-step instructions for pairing your smartphone, personalizing your system or updating your software, just to name a few.

TIPS FOR USING VOICE

Upon pressing the voice button on the steering wheel, make sure to wait for the SYNC "tone" before speaking a command.

Speak commands in a smooth, confident and normal pace when you voice at the SYNC microphone located in the headliner, avoid "ahhs" or "umms" when speaking a command.

Say all the words of a command in the correct order (e.g., "Call John Doe" "Find an address").

"What can I say?"

Say "What can I say?" if you need an audible list of voice commands for the current mode (e.g., Phone, Radio, Navigation, USB).

Ensure the vehicle interior is quiet (windows closed, passengers aren't talking).

VOICE COMMANDS

Virtually anything you can do by touch, you can also do by voice to keep your hands on the wheel and eyes on the road. The system recognizes over 10,000 commands. Here are the most common:

TOUCH THE VOICE BUTTON ON THE STEERING WHEEL, AND THEN SAY:

Basic Commands
- What can I say?
- List of commands
- Main menu
- Previous
- Next
- Go back
- Exit
- Help
- Vehicle health

Phone
- Phone list of commands
- Dial

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back any more!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

First make sure you read and understand Active Directory Installation Requirements. If you don't comply with all the requirements of that article you will not be able to set up your AD (for example: you don't have a NIC or you're using a computer that's not connected to a LAN)

Note: This article is only good for understanding how to install the **FIRST DC** in a **NEW AD** Domain in a **NEW TREE**, in a **NEW FOREST**. Meaning: don't do it for any other scenario such as a new replica DC in an existing domain. In order to

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States). When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Figure 1 Map of Coquihalla highway and nearby routes.

We should emphasize that this article is not intended to describe how this specific CBA analysis became twisted out of shape. Indeed, there was no Provincial CBA of the Coquihalla highway project. The Waters and Meyers study was conducted independently. We use this example to demonstrate how Guardians and Spenders typically [illegible] benefits and costs when presented with a CBA, and how this differs from the Analyst's perspective.

ANALYSTS AND THE COQUIHALLA CBA

This sort on [illegible] the Analysts' perspective. Since the approach is well known, we do not describe it at length.[a] But it is worth describing briefly some [illegible]

characteristics of Analysts. Analysts can be found in specialist policy offices or sprinkled through departments and agencies where the dominant type is either Guardian or Spender. In British Columbia, a province with a relatively small population, the former types are relatively rare as there are few stand-alone policy shops.

Analysts [illegible] and to have staff rather than line roles, they tend to be younger and more prone [illegible] subtle cognitive blindness in organizational [illegible] (Baum 1982). Over time as Analysts are promoted within their departments they along to line responsibility, they often develop into Guardians or Spenders according to the culture of their departments (Kaufman 1981) and [illegible] (1983).[illegible] By the direct use of [illegible] to hard materials. The observed behavior may represent self-selection and be derived of the organization to reproduce itself, but it only those with the "right" bias are hired and/or promoted.

We use the standard CBA framework to represent the Analysts' perspective which is summarized in Table 1. In this CBA, unlike some public projects,

The annual mileage of a vehicle significantly changes in the future, you may request an adjustment to the verified annual mileage of that vehicle. The adjustment to the policy will be effective after the change in annual miles has been verified with odometer readings provided by you. We may also require an inspection of the vehicle's odometer for verification.

Your Computer's Best Friend
In-home computer repair in the San Antonio area

Repair or Replace?

If you are debating whether you should repair or replace your computer, here are some ideas to consider.

How long does a computer last?

Generally, the useful life of a computer is 5 to 8 years. The equipment may last much longer, but the owner's patience with a slow computer may run out.

If a component goes out, it can be replaced cost-effectively within the first 5 years. But if the motherboard dies, that's the end of the computer.

Age of computer

If your computer is

- 5 years old: probably worth fixing
- 6 years old: consider replacing
- 7 years old: replace it
- 8 years old: you should have replaced it.

Questions to consider

- Does it work?
- Does it meet your needs?
- Are you satisfied with the computer?
- What is your personal threshold of pain for bad performance?
- Have you already tried to get the computer sped up, but it still isn't good enough?
- Are you willing to drastically cut useful features in the old computer in order to preserve its performance longer? (See my thoughts on antivirus software and why it's not good for old computers.)
- When you bought the computer, was it in the low end, mid range, or high end? (High end computers last a little longer.)
- What work load do you ask of the computer?
- If a part needs to be replaced, is it worth the investment in old equipment? (Especially hard drives)
- What does it cost to get a new computer? You may be surprised how low the price has

Testing Your HP Fax Machine with the HP Fax Test Service

Print Share

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the Printable Version link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE:Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features

NOTE:Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to *Every Error* before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products. Consult the product *User's Guide* for specific steps.

1. Send a one-page black and white test fax to 1-888-hpfaxme (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This will let that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code

Parachute or Plummet?

CHALLENGE. Your group must design a parachute that can safely lower an egg from the designated drop point to the ground without breaking the egg. The slower the egg drops the better the parachute. Each group will make 2 parachutes. The parachutes will be EXACTLY the same except for one variable that you will choose to test. You will see how your variable affects the *rate of descent* of the parachute.

In order to fully complete this challenge, you must follow the steps every good scientist goes through during scientific inquiry

I. **Ask a Question**

Write a testable question for this experiment.

Will the size of the egg affect the rate of descent?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Physical Network Security Solutions

RJ45 Plug Lock-In Device

Now Compatible with Category 6A (10GigE) Patch Cords

The RJ45 plug lock-in device is an innovative solution that secures connections to block patch cord disconnections and removal. Combining data security beacons and removal replacement due to theft. The versatile design works with most existing patch cords (excludes metal panels, IP cameras and similar IP devices). It is also compatible with Velcro® cable tying to ensure unauthorized removal and ensure CMP11 continuity.

Key Features	Benefits
Tamper-resistant	Protects against unauthorized removal of cable. IP phone, network printer, and computer applications are most common, not compatible with UNIX. Does not affect troubleshooting, however, may require removal of device. CMP11 available and compatible
Compact design	Can be installed without interfering with adjacent ports and plugs, even in high-density applications
Installation/removal tool	Allows plug to be inserted and removed from jack for streamlined physical security
Color assortment	Six blue, black, yellow, orange, red, and white

Installation and Removal Instructions*

To install RJ45 lock-in plug: Insert the tool into the plug. Depress the tool handle to engage the tool hook to engage the latch and remove it.

Then install the lock-in plug into the jack as shown.

To remove plug from jack: Insert the tool into the plug. Depress the tool handle to engage the latch and remove it. Slide the tool hook to engage the latch and remove it.

OUBlogs™

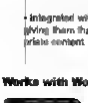
Blogs are one of the hottest trends in Higher Education marketing and recruiting. Student, parent, faculty and alumni blogs—all of these personal, journal-style web pages can help add an authentic voice to your communications. PR blogs are also useful aid to reach busy journalists and editors who increasingly monitor blogs and RSS feeds.

Now with OmniUpdate's OU Blogs...it's easier than ever to bring the power of blogs to your admissions, PR or faculty websites!

+ Supports WordPress™ the leading open source blogging platform for creating as many blogs as you have voices

+ Integrated with OmniUpdate's powerful workflow and approval publishing system. Encourage your bloggers by giving them the flexibility to create timely, genuine content, while maintaining control over the publishing of appropriate content

Works with WordPress!



WordPress is a free blog publishing system that provides users easy-to-use, best-of-breed features for blogging. OU Blogs now extends WordPress' popular blogging platform by integrating with OmniUpdate's content management features to provide a comprehensive solution for managing all of your web content—including blogs.

Easily Monitor Blogs for Appropriate Content

OmniUpdate's powerful workflow and approval system allows monitoring of blog entries to ensure that only appropriate content is published. Email notification is automatically sent when blog entries are ready for approval saving time and making the process of monitoring multiple blogs quick and easy. Entries can be authorized or declined, as well as edited by reviewers before publishing.

Streamline & Simplify Blog Management

Add as many guest bloggers—students, faculty, parents, even your President—to your site without adding to the complexity of your web publishing process. OU Blogs seamlessly integrates all of these individual blogs into OmniUpdate's leading web content management environment to provide a single, consistent interface for managing both your web pages and blogs.

Comment on NY Times article by Neil Irwin, 10feb17 titled
"A Tax Overhaul Would Be Great in Theory
Here's Why It's So Hard in Practice "

Long-term gains can be disruptive, as Irwin points out And sometimes the pain is worth the gain Furthermore, the phasing-in of new or modified programs can generally be designed to kill most of the pain. Although my view of the US economy aligns quite well with those of Bernie Sanders and Elizabeth Warren (and a large number of economists), I am becoming intrigued with the idea of completely abolishing the corporate income tax, so that there would be no incentive for a corporation to keep money offshore Of course it would have to done in a revenue-neutral way, and although there are limitless choices for how this can be done, I favor increasing personal income tax at the high-income end.

There are many details to work out, if the new-found cash that corporations would return is not to be socked away under corporate mattresses, such as taxing dividends at the same rate as earned income, or indexing capital gains for inflation Most important would be to assure that corporate money cannot be used tax-free to benefit any person. The politics would obviously be difficult, certainly not likely for the present administration, but I think it's worth some serious thought.

Reply: Evolution, morality and the law: on Valerie J. Grant's case against sex selection

1. V.J. Grant, PhD

± Author Affiliations

1 *Department of Psychological Medicine, Faculty of Medical and Health Sciences, University of Auckland, Private Bag 92019, Auckland, New Zealand*

1 E-mail: vj.grant@auckland.ac.nz

Sir,

In offering my article for publication (Grant, 2006), I was making a tentative suggestion to defer the decision on whether or not sex selection for social reasons should be permitted, until we know more about the processes of sex determination, or, as I argued, sex predetermination. But in his response to this idea, Dahl (in press) has leapt well into the future, to a place I had not yet imagined! And yes, I see the logic of his position. If, as I suggest, there is such a thing as sex predetermination in mammals, and if an adaptive, and possibly important, process underlies it, I should withdraw my objection to sex selection and instead argue in favour of it.

If my hypotheses were shown to be correct, it might indeed mean that fertility specialists would practise sex selection, simply to increase the chances of success. But the word 'social' would be the wrong one to describe this new preselection process; rather, this new process would need to be based on the physiological and psychological attributes of the mother-to-be. Consider, then, the case of a mother seeking to select the sex of her next child with a view to family balancing. If she had not changed along the relevant dimensions since her last pregnancy, she would be very unlikely to conceive a child at all. And if she did, it would probably mean that she would have conceived a child of the desired sex without any technical intervention.

Even though these hypothesized new processes for sex preselection could result in reducing the choices for parents of single-sex sibships, interventions that took into account the physiological and psychological attributes of the mother might increase conception rates in previously infertile women. At the present time, it could be that the low fertility rates following some common procedures (especially intracytoplasmic sperm injection) do not reflect a lack of technical expertise, but rather the possibility that the mother has some role in the predetermination and/or the ratification of the sex of her infant.

But all this is speculative and even if supported by research, it is some way into the future, especially for human sex selection.

PROCEDURE

DIAGNOSIS: 723.1-Neck Pain
-Other cervicalgia

Prescription No meds for prescription

PLAN

The patient has what appears to be a myofascial pain issue. The soft tissue mass that she is concerning of is sight by palpation is nervous today, however it did not show up on CT scan. This story with the given symptoms of allodynia, she experience after change, I placed against medical interventional orthopedic attention.

The patient does report that she has an autoimmune rheumatologic disease, and is followed by pain management with Lonzetta Wallace. She does have chronic headaches, and I believe a neurological consultation would be worthwhile. I do not believe that surgical excision is necessary for the soft tissue mass. I would also recommend some kind of physical therapy for her, but I believe that a neurology opinion would be remarkably useful. We will refer back to her primary care physician and see her back here on an as needed basis.

Исх. № ДН-09/15664 от 29.10.2013

О новой Анкете НРД для ЭДО

ИНФОРМАЦИОННОЕ СООБЩЕНИЕ

Небанковская кредитная организация закрытое акционерное общество «Национальный расчетный депозитарий» (НКО ЗАО НРД), далее – НРД, сообщает о том, что с 01 ноября 2013 г. вступает в силу новая редакция Анкеты НРД для электронного документооборота (далее – Анкета НРД для ЭДО).

Внесение изменений и дополнений в Анкету НРД для ЭДО связано с включением в Анкету различных URL адресов НРД для организации электронного взаимодействия НРД и Участников ЭДО через WEB каналы с использованием в качестве канального шифрования как ПО «Корвет-MM™», так и TLS-соединения с учетом различных типов СКЗИ.

Анкета НРД в новой редакции опубликована на официальном сайте НРД в разделе «Документы / Документы ЭДО» и направлена Вам по адресу электронной почты для получения информационных сообщений НРД, указанному в Анкете Участника для ЭДО.

По всем вопросам, касающимся настоящего сообщения, следует обращаться в отдел по работе с клиентами по тел. (495) 956-27-90, (495)956-27-91 или к региональным представителям НРД.

С уважением,

Заместитель Председателя Правления Н.Н. Дегтярев

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero.com, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

To,

Parents of UCMAS students.

Re: Grading Exams

Hello! As you might be aware every year UCMAS conducts 2 major events for students for checking their technical tills. One of the Canadian National competition, where students compete with each other for the highest honors and the other is Inter nional Grading Exam where every student gets an opportunity to gauge his level of skill on an international level. Recently in the m th of June, we conducted our 3rd Canadian competition where more than 1100 students participated and more than 400 awards w e given out to students.

Grading exams differ from Competitions in several ways as under:

- Unlike competition there are no entry requirements for Grading exams. Students may sit for the examinable based on their learning capability. Students who have greater capability of learning may sit for higher grades than the levels which they are pursuing.
- Papers are set by the Hill Malaysia in coordination with the ***Chinese Abacus Association***
- Students can sit for **any level** they wish to irrelevant to their current level of study
- Students may appear in **as many exams** as they wish to by studying the question structure and based on their c rrent level.
- All the students who attain similar marks are awarded similar certificate – irrespective of the champion and study is merit, everyone is at the same level.
- Certificates carry international value since they are issued by the HQ along with the CAA.

Because the exam paper is set by the Head Office Malaysia and the Chinese Abacus Association, certificates are also ssued by them and hold international value. These exams go a long way in gauging the actual level of expertise attained by the stude t and based on this, franchisees and CIs will decide on the future training methodologies.

This year we are conducting the International Grading Exams throughout Canada on the 3rd & 16th of November 2 08. Through the exam fee for each level that the student wants to attempt is **$15**, in order to encourage students to test themselves fr nore levels and in turn get more certificates, we have decided to charge only **$10** per level per student in case the student appears f **more than one exam paper**.

Grading Exams are a very important part of the curriculum because it gives the Course Instructors the exact idea of he level of your child on an international level. So please take advantage of this opportunity and talk to your child's Course Instructor o Centre Director today to get more details. Please go through the question structure available with them along with sample question p ners and decide as to which levels you want your child to attempt. Exams are either Abacus (Soroban based which starts at Grade 12 (nismic) and goes up to Grade 1, whereas papers being attempted Mentally start at Level 10 (easiest) and go upto Level 1 (highest)

Looking forward to seeing your child(ren) in the International Grading Exams!!

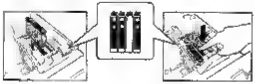
TROUBLESHOOTING STEPS

- Switch off fax machine and unplug power adapter from device and from wall outlet. Let fax machine remain off for 60 seconds
- Try different phone cord . If HP check to see if customer has original black phone cord
- Eliminate any splitters between fax machine and Vonage device
- If the customer has a **Dell**, **Sharp** or **Panasonic** fax machine you will change the CODEC to **MEDIUM/56Kbps** which should improve fax transmission
- If the customers carrier is **Level 3**, **Pacel** or **Broad Wing** then you'll need to change the Pref Fax CODEC(located in Line Properties) to **PCMU**
- Connect fax machine **directly** to the Vonage Device, by-passing any home wiring
- If using AIO (All In-One) Device temporarily disconnect device from PC
- HP AIO s like 30ms packet size

5 Insert the cartridges in the holder for each color. Press each cartridge down until it clicks



6 Close the cartridge cover. Press down until it clicks into place. Then, lower the scanner unit.

7 Ink priming begins. This takes about 5 minutes.

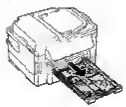
Note: Your printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer.

Caution: Don't turn off the printer while it is priming or you'll waste ink.

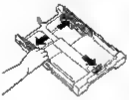
5 Load paper

You can load letter-, A4-, or legal size paper as well as envelopes, and various sizes of photo paper in cassette 1. In cassette 2, you can load only letter-, A4-, or legal-size plain paper. For instructions on loading envelopes, photo paper or legal size paper or using the rear feed slot, see the online *User's Guide*.

1 Pull out a paper cassette.



2 Squeeze and slide out the edge guides.

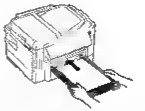


3 Insert the paper with the glossy or printable side facedown.

Note: Make sure the paper is loaded against the edge guide and not sticking out from the end of the cassette.

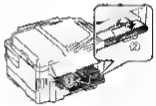
4 Slide the edge guides against the paper, but not too tight. Make sure the paper is under the tabs on the edge guides.

5 Gently insert the paper cassette.



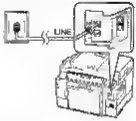
Note: The paper may slide forward slightly as you insert the cassette. This is normal.

6 Extend the output tray and raise the stopper as shown.



6 Connect the fax line

To fax, connect the phone cord to a telephone wall jack and to the **LINE** port on your product. To connect a telephone or answering machine, use the **EXT** port on your product. See the *Quick Guide* for more details.



Notes: If you are connecting to a DSL phone line, you must use a DSL filter or you won't be able to fax. Contact your DSL provider for the necessary filter.

FIRST ANNUAL POT LUCK MEETING

Come one – Come All – Kids Too!

Our December 22nd meeting will be a pot luck affair. We need all types of goodies from entrées to deserts. So get your kitchen warm and prepare a dish you would like to share with your fellow lions.

I will be keeping track of the wonderful offerings so let me know what you will be bringing.

Let's have a fun afternoon!

PARKHOUSE

APARTMENT HOMES

Lease Renewal offer

Date 11.28.2017

Apartment # 17 102

Dear residents,

Congratulations on your anniversary with Parkhouse Apartment Homes! We enjoy having you as a resident and are dedicated to providing you with a wonderful place to call home. Our records indicate your lease is expiring on 02/17/2018. The current rent on your apartment is $2010.00. We are currently offering the lease renewal rates and terms (subject to availability) shown below

Early Renewal Offers Renew by to take advantage of an early renewal offer!

☐	12 month term for	$ 2025.00
☐	11 month term for	$2050.00
☐	10 month term for	$2050.00
☐	9 month term for	$2050.00
☐	8 month term for	$2050.00
☐	7 month term for	$2050.00
☐	6 month term for	$2050.00

Other lease terms may be available. If these do not meet your needs, please call us with any questions. These offers are for the base or market rent for your apartment home only and do not include any additional rental items such as garages, storage rooms, etc.

You may prefer the flexibility of continuing to reside with us on a month-to-month basis. Should you choose a month-to-month lease please note that your new rental rate will be **$2425.00**. The rate will become effective on **02/18/2018** and all the other terms and conditions of your last lease contract will continue unchanged. **If we do not hear from you before your current lease expires, your lease will automatically renew at the month-to-month rate shown above.**

Should you choose to vacate your apartment home, please remember that in accordance with your Lease Contract, you are required to provide us a **60-day written notice** of your intent to move out, including your forwarding address.

To renew your lease, please complete the attached Renewal Information Sheet and return it to our office so that we may prepare your lease renewal and email it to you electronically. We do require all residents to provide proof of renter's insurance upon renewal. We have enjoyed your residency with us and sincerely hope that you will continue to make Parkhouse Apartment Homes your home.

Sincerely,
Parkhouse Apartment Homes

Fax something interesting toll free to 1-888 877 1655 or 1-503 200 1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness

You can fax something interesting to 1 888 877 1655 (your boss will never notice... maybe) or 1 503 200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work

Subject to credit approval. Advertised rate offered on one-year secured business line of credit up to $250,000. Rates valid as of 8/23/13 and subject to change without notice. Help and offers require that the loan payments are automatically deducted from a Sterling Business checking account. Loan offer only valid for the states of Washington, Oregon, Idaho and California.

[3] To qualify and receive your 20,000 bonus points under this offer you must be approved for a new Sterling Bank Business Visa® card on or before 11/1/13 and you must make Net Purchases (i.e., purchases minus credits and returns) that post to your account for this card totaling $5,000 or more during the first 3 monthly billing cycles following account opening. Purchases do not include balance transfers, cash advances or cash-like charges such as travelers checks, foreign currency, and money orders, any checks that access your account, overdraft advances, interest, unauthorized or fraudulent charges, or fees of any kind, including, but not limited to, fees for products that protect or insure the balances of your account. After qualifying, please allow 6 to 8 weeks for bonus points to post to your account. To be eligible for this bonus offer account must be open and not in default at the time of fulfillment. This offer is valid only for first-time Sterling Bank Business Visa® cardmembers who open such new accounts as described above and make the purchases as described above. Previous and existing Sterling Bank Business Visa® cardmembers/accounts are not eligible for this offer. This offer and any use of the Sterling Bank Business Visa® card (whether in relation to this offer or otherwise) are subject to the cardholder agreement and the terms & conditions applicable to the Sterling Bank Business Visa® card which may be amended by Sterling Bank from time to time. This offer may not be combined with any other offer. This offer is subject to credit approval.

[5] Normal credit criteria apply. Balance Transfer APR: 0% introductory APR for the first six billing cycles following the balance transfer. After that, a variable APR, currently between 10.25% and 21.25% based on creditworthiness. APR indexed to the highest U.S. Prime rate as distributed in the "Money Rates" section of The Wall Street Journal, accurate as of 8/13/13. Additional terms and conditions apply; review full terms and conditions prior to application.

[4] Example of over $800 savings: First check order discount, up to $100; Merchant Services setup fee waived, $99; First year annual fee waived per new Business Visa® Card, $49 per card (10 cards x $49); Free Business Net Banking, $30 per month ($240 annually); Free ACH for Direct Deposit Payroll, $30 per month ($240 annually). Total savings for this example: $868.00. Subject to change without notice.

Sterling Savings Bank is a Washington state-chartered bank that operates under the following trade names: Sterling Bank, Sonoma Bank and Borrego Springs Bank. Sterling Savings Bank does not operate under the STERLING brand in the State of California, but insured currently operates as "Sonoma Bank" or "Borrego Springs Bank." Beginning September 23, we will no longer be operating as Sonoma Bank and Borrego Springs Bank in the state of California. Instead, all California branches will be united under one name, ARGENT BANK. Sterling Savings Bank, Sterling Bank, Sonoma Bank and Borrego Springs Bank are the same FDIC-insured institution. Deposits held under Sterling Savings Bank or any of its trade names are not separately insured by the FDIC, but are combined to determine whether a depositor has exceeded the federal deposit insurance limit.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

Mr Hansen

Thanks you for considering us for the [illegible] offer landscaping in your new divisional headquarters We're pleas[illegible] our proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern, pleasing atmosphere

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here' making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like).

Mount remote ftp directory host locally into linux filesystem

1 Installation

First install curlftpfs package. On Debian or Ubuntu it was done as

```
apt-get install curlftpfs
```

2 Mount ftp directory

When installation done next is to create a mount point

```
mkdir /mnt/ftp
```

Now use curlftpfs to mount your remote filesystem. Suppose my access credentials are as follows

- username: ftpuser
- password: ftppass
- host/ip: my.ftp.quake.local

the actual command to mount remote would be

```
curlftpfs ftpuser:ftppass@my.ftp.quake.local /mnt/ftp
```

Caution!

ftp uses the clear text passwords so anyone can intercept your password without much effort. Therefore use curlftpfs in combination with SSL certificates if you are not mounting some local LAN ftp server.

Go Daemon! If you mount ftp using curlftpfs as a root and this is a one time only, but user to access ftp mount folder, then use -o allow_other option. Otherwise only root has access to mounted resource. When mounting ftp as a non-root user you may get a following error message:

```
fuse: failed to exec fusermount: Permission denied
```

Remember to unmount ftp from time to time. Next you can allow other users to access ftp mount directory with an curlftpfs option -o allow_other. The command will look similar to the one below

```
curlftpfs -o allow_other ftpuser:ftppass@my.ftp.quake.local /mnt/ftp
```

3 Mount ftp with curlftpfs using /etc/fstab

Since you can also mount ftp using commands from /etc/fstab file we will first create a .netrc file where username and password using this format:

```
machine my.ftp.quake.local
login ftpuser
password ftppass
```

Now change permissions of this file to 600

```
chmod 600 /root/.netrc
```

Check also if you got curlftpfs tool installed. This time we'll have access to ftp mount directory

```
ls -l
```

The next step add following line to /etc/fstab file (change credentials for your ftp user)

```
curlftpfs#ftpuser:ftppass@my.ftp.quake.local /mnt/ftp fuse user,uid=1000,gid=1000 0 0
```

Now mount ftp with

```
mount /mnt/ftp
```

4 Mount ftp //sql64/sendfile to /mnt/ftp

```
# curlftpfs 10.0.0.105/sendfile /mnt/ftp
```

Hi Marvin,

I just wanted to let you know that we continue to have issues with faxes. I have tried now on 3 occasions to send an e-mail to defense attorney – Harley Merritt. I called and spoke with their office to make sure their fax was working and was informed they have received several faxes.

Sometimes it works, sometimes it takes 2 – 3 tries. I will now being on my 4th attempt.

Tuesday November 20th 2012

Today I woke up at 7:15 am and get ready for work at Walmart. When I got to Walmart I went to my locker after I put my stuff in my locker I went to the morning meeting. After the morning meeting I went to the ladies fashion wear I went to the fitting rooms and got all of the clothes that were already folded and put them on the ladies tables by seizes and color. After that I put more of the folded shirts on the tables when it was 10:30 am I went for my 1st 15 minutes break after I went back after I did some customer services I helped customers find the babies we are and I showed them where the babies sect on was and I told them there will be someone who can help you and the customers said thank you After that I zoned the girls wear and I picked up the girls gloves and put them in the right hooks and after that I went the fitting rooms to look after the fitting rooms for the lady who works there she had to go on her break for lunch I helped allot of customers who needed to try on the clothes and we are only allawed 6 per clothing in the fitting rooms. After the lady came back I went for my last 15 minutes break after I came back I helped Tila with putting the ladies wear on the hooks after that I did zoning and helped customers with finding the mens wear and I told them its right in the back behind the mens wear and when it was 4pm I said bye to my supervisor and went home after getting my stuff out of my locker

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back any more!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

GAGA FOR GOGA!

THE VERDICT IS IN! GOGA STUDIOS ARE A HIT!

"I have had arthritis for fourteen years. After using the whole body vibration machines and the infrared sauna for just a few weeks my flexibility has increased tremendously. What a blessing."
Paul Brown, Newcastle, OK

"I have lost 12lbs. and 18 inches in my first month."
Stephenie, Sarasota, FL

"I feel great and I lost 15 inches in 40 days of using Whole Body Vibration without dieting!"
Diana Garza, Edinburg, TX

"My feet are no longer swollen. I can stand, walk and stand up from a chair by myself. I can now lift up my legs and walk long distances."
Brigida Gomes, Mission, TX

"Just love Goga Studios. I have asthma and can feel the difference in my breathing. I also lost 9.5 inches. Thank you Goga Studios!"
Ruth Krick, Ocala, FL

"I got the results of a recent blood test on Monday. It was very good: my cholesterol and my glucose went down. My doctor thought the online results were excellent. He asked me what I had been doing differently. The only thing that I had changed was coming to Goga Studios, 5 times a week for the past 2 months. I recently bought my own machine."
Margret Adlar, Summerfield, FL

"After only two days on the whole body vibration machines...plus drinking alkaline water my skin felt so moisturized and smooth. I have suffered from dry skin my entire life this was an amazing and welcome change."
Jane, Sarasota, FL

"I started working out at Goga Studios last year and now I can say that I am pain free!"
Karina, Sarasota, FL

TELEPHONE POOLE (0345 13) 51617 · TELEX 123456

Our Ref. 350/PJC/EAC

18th January, 1972

Dr. P.N. Cundall,
Mining Surveys Ltd.,
Holroyd Road,
Reading,
Berks.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

5. Commitment

Weekly: may change, communication ally put "Success is getting up one more than you fall. I believe the wisdom to give up, and then I must think to myself about what the consequences of giving up will be. Generally, this is more than enough of a motivation to make us stick to the task at hand even if we don't feel like it. What the task is achieved, Whatever IT REALLY DOESN'T

6. Encouragement

Be an encourager and cheerleader to friends that are trying something hard. Encourage them to stay on task when they're feeling down. Encouragement and being an encouragement to others can change the world in the most wonderful and "hard to see" ways, but I promise you know. I have been happier, over and over again.

Catch-A-Call

© 2003 by JBJ Patents Pending
Rev 05.01.1-6
09/05/05

While Online, Catch-A-Call alerts you to call waiting calls and allows you to take five calls
When you are on line and the unit rings, simply pick up the telephone that your Catch A Call is connected to. Your phone company places the internet call on hold and connects you with your new call. The Catch A Call operates regardless of computer or operating system. If you use your Telephone Company's Distinctive ring or Caller ID services, you can identify an incoming call, without answering. Catch a Call will allow your computer to stay on hold up to 30 seconds...though your computer or Internet Provider may disconnect on their own in less time.

CALL-WAITING Service Is Required For Operation

When your computer is NOT online, the Catch-A-Call is inactive.
If your needs include a Phone / Fax switching device, please see our web site for information on **Catch-A-Call Gold**, which has all of the functions of the Catch A Call, plus integrated Phone / Fax switching.

Adjustable Ring Tones (Patent Pending)
The Catch A Call has three optional ring tones to choose from. These can be activated by picking up the phone handset and dialing **#9** and 1, 2 or 3; 1 being the softest, 3 being the loudest. The factory setting is **#92**. The Catch A-Call will ring in response to the change with the selected ring tone. This feature is applicable to model 58181-A and later models only. If you cannot hear the unit ring, simply pick a different tone.

Connecting Catch-A-Call

1. The unit includes a RC transformer that plugs into any 110 volt wall outlet. Connect the other end of the cord to the slot marked **PWR** and the **PWR** Light on the front of the unit should illuminate.

2. Connect the **WALL JACK** port of the Catch A-Call directly into the **Wall Phone Jack**. This will be done directly from the wall or through other devices, such as a surge protector or an optional caller ID device.

3. Plug a telephone into the Catch A Call's **PHONE** port, either directly or through an answering machine. When you pickup the telephone handset, the **PHN** light on the front of the unit should illuminate.

3. Connect the LINE port of the computer's modem to the Catch A Call's **MODEM** port. There should only be one phone cord connected to the computer's modem. When your computer is online, the **MDM** light on the front of the unit should illuminate.

4. Make SURE that your computer is not disabling call waiting. (The computer can do so by dialing +70 when it dials your ISP to make a connection). If the caller heard a busy signal while you're online. It means that your computer has temporarily turned off call waiting. If so please enable the Call Waiting feature by following instructions on the right.

How to enable call waiting in your computer

WINDOWS XP
Click on **Start**, **Control Panel**. Click on **Phone and Modem Options** (or with category view, click on **Network and Internet Connections**...and under **See Also**, click **Phone and Modem Options** under **Dialing rules** click **Edit**. UNCHECK the box marked "To disable call waiting dial *70"

WINDOWS 95 98 ME
Click on **My Computer**, **Control Panel**, **Modems**, and **Dialing Properties**. Here UNCHECK the box marked "To disable call waiting dial *70"

AMERICA ONLINE
On the sign on screen, click on **Setup**, **Edit Numbers**, and highlight each access number, click on **Edit** and UNCHECK the box marked **Dial *70 to disable call waiting.**

For more information about your computer making a *70, your Internet Provider is the best source of information.

If using the unit with a **FAX** machine. The FAX machine can be plugged into the Catch-A-Calls auxiliary **FAX** port.

QUEEN PALM CARE GUIDE

Easy as 1-2-3

Queen Palms are some of the most beautiful and most popular palms grown here in the desert. If given proper care, they will always be as green and full as when purchased.

1. WATERING

By far, correctly applied water is the most important ingredient for the well being of Queen Palms here in the desert. Queen Palms are tropical type palms, native to many wetter areas of the world. They can handle the aridness of our desert temperatures but do need more water than native varieties. For most palms that don't appear healthy, lack of properly applied water combined with nutrient deficiencies is usually the cause. A good rule of thumb is that it's practically impossible to ever water a Queen Palm, especially during the intense heat of summer mostly is!

Where applying water no matter is better! As a Queen Palm matures, it's roots spread wider but not much deeper than 18 to 24 inches. So make sure that as your tree grows to apply the water wider every year. A good rule of thumb for this is to water an area at least 6 to 8 times as wide as the trunk diameter.

How often to water depends on many variables including current temperatures, soil conditions and recent rainfall (or lack of). To keep a good, healthy level of moisture for Queen Palms, basic watering guidelines are as follows:

Season / Temp Range	Watering / per week
Summer / Above 100°	4 or more times per week
Fall / 85° to 100°	2 to 3 times per week
Winter / Below 45°	1 to 2 times per week
Spring / 65° to 100°	2 to 3 times per week

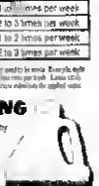
NOTE: These are guidelines. Adjustments may usually be made. Example, early day soils that don't drain well may require less frequent watering. Loose, sandy soils may need more frequent watering. Always check to see the applied water.

2. FERTILIZING

Keeping Queen palms healthy has never been this easy!

Don't fall for expensive injections or useless foliar spray fertilizers to try to sell. We've taken the guesswork out of feeding Queen Palms! Our Super Palm Juice® has all of the major & minor nutrients to keep palms green & healthy in an easy to use liquid format that reaches the roots FAST!

Super Palm Juice is great for all varieties of palms and is an absolute must for Queen Palms!



3. TRIMMING

Only remove fronds "dry" hang downward (below horizontal). Do only cut fronds about 2-3" from trunk, using a nut that is parallel to the trunk. During Summer months it's common to get some brown tips. We ask to just trim off the brown and leave the green portion of the frond. Trimming is usually only necessary once or twice a year.

The Rookie

A young man decided to join the police force. As a recruit he was asked during the exam, "What would you do if you had to arrest your own mother?"

"Call for backup," he answered.

He made the force.

Ohio National Financial Services

Two Key Tools to Help Your Business

Your Personal Dashboard at Work

The ability to review your productivity and sales performance in one spot is one reason Ohio National makes it easy to do business with your company and your local representative. Your personal dashboard provides you with a snapshot of your business activity, including policies in force, their status and key dates. You can view your business by agent, by product, by state and by time period. Your dashboard also appears automatically when you log in to your Ohio National Connect account, so you can quickly review your business and take action.

Pending Cases with Offers

The Pending Cases with Offers report displays your policies in Underwriting with an unissued offer. Use this report to stay on top of your business and follow up with clients. Sort the report by agent, by product, by state, by premium, by face amount, by date of offer and by days pending. Click on your underwriter's name to send an email to them. Review the offer and provide follow up information. Then click the checkbox and notify us that you've received the offer.

Minnesota Management & Budget
NOTICE OF COLLECTION OF PRIVATE DATA

Minnesota Management & Budget (MMB) administers the State Employee Group Insurance Program (SEGIP). This notice explains why we may request information (data) about you, your spouse, and dependents, how we will use it, who will see it, and your obligation to provide that information.

What information will we use?
We will use the information you provide us at this time, as well as information previously provided us about yourself, your spouse, or dependent(s). If you provide any information about that is not necessary, we will not use it for any purpose.

SEMA4, the information system used to administer employee benefits, contains required information fields that may not be necessary for us to process your request. We only need your dependent's date of death to process a death benefit claim or to discontinue the dependent's coverage due to his or her death. Student status and disability status are needed only to determine eligibility for insurance continuation for your dependent. We need the social security numbers and birth dates of your spouse and dependent to offer insurance continuation, process a death benefit, to ensure we are matching them to the correct insurance benefit transaction and to comply with federal Medicare coordination laws.

Why we ask you for this information?
We ask for this information so that we can successfully administer SEGIP. This information is used to process your request to add or change coverage for yourself, your spouse, or dependents. The requested information helps us to determine eligibility, to identify you and your spouse, and dependents, and to contact you or your spouse, and dependents. The information is also used to develop new programs, ensure current programs effectively and efficiently meet member needs, and to comply with federal and state law and rules. We may ask for information about you, your spouse or dependents that we have already collected, including all or part of your social security number, in order to ensure we are matching you to the correct insurance benefit transaction.

Do you have to answer the questions we ask?
You may not be legally required to provide any of the information requested.

What will happen if you do not answer the questions we ask?
If you do not answer these questions, the insurance benefit transaction you requested for you or your spouse, dependent or other insurance benefit transaction may be delayed or denied.

Who else may see this information about you and your spouse and dependents?
We may give data about you and your spouse and dependents to the insurance carrier you have chosen, SEGIP's other representatives, vendors and actuary, the Legislative Auditor, the Department of Health, the Department of Commerce, and any law enforcement agency or other agency with the legal authority to the information, and anyone authorized by a court order. In addition, the parents of a minor may see information on the minor unless there is a law, court order, or other legally binding instrument that blocks the parent from that information.

How else may this information be used?
We can use or release this information only as stated in this notice unless you give us your written permission to release the information for another purpose or to release it to another individual or entity. The information may also be used for another purpose if Congress or the Minnesota Legislature passes a law allowing or requiring us to release the information or to use it for another purpose.

Adobe Acrobat PDF Files

Adobe Portable Document Format (PDF) is an open file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal file format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the application used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

JUST 27 WORDS

ÉTAPE 2 Utilisez les menus pour configurer vos paramètres, selon les besoins. Pour plus d'information, consultez le *Guide d'administration de l'ATA*. (Des renvois à ces documents sont fournis sous la rubrique Autres renseignements utiles, page 11.)

Utilisation du système RVI pour l'administration

Un système RVI est disponible pour vous aider à configurer et à gérer votre adaptateur pour téléphonique analogique (ATA). Vous pouvez utiliser le clavier du téléphone pour sélectionner les options et entrer vos données.

Pour accéder au menu RVI

ÉTAPE 1 Raccordez un téléphone analogique au port « Phone » de l'ATA.

ÉTAPE 2 Appuyez à quatre reprises sur la touche étoile : ****

ÉTAPE 3 À la fin du message d'accueil, appuyez sur les touches du clavier téléphonique pour sélectionner les options

ÉTAPE 4 Entrez le code correspondant à l'action recherchée. Reportez vous au tableau **Actions RVI** pour connaître les détails.

CONSEILS !

- Entrez les chiffres lentement, en écoutant la confirmation audio avant d'entrer le chiffre suivant.
- Après avoir sélectionné une option, appuyez sur la touche **#** (carré).
- Pour quitter le menu, raccrochez le téléphone ou entrez **3949#** au clavier.
- Après avoir entré une valeur telle qu'une adresse IP, appuyez sur la touche # (carré) pour indiquer que votre sélection est complète. Pour enregistrer le nouveau paramètre, appuyez sur le **1**. Pour vérifier le nouveau paramètre, appuyez sur le **2**. Pour recommencer l'entrée du nouveau paramètre, appuyez sur le **3**. Pour annuler votre entrée et revenir au menu principal, appuyez sur la touche * (étoile)
- Pour annuler les modifications quand vous entrez une valeur, appuyez deux fois sur la touche * (étoile) en moins d'une demi-seconde. Assurez-vous d'appuyer rapidement sur la touche * (étoile) car le système pourrait l'interpréter comme un point décimal.
- L'ATA s'éteindra si le menu demeure inactif plus d'une minute. Vous devrez alors accéder au menu en appuyant quatre fois sur la touche étoile : **** Les paramètres deviennent valides en raccrochant le téléphone ou en quittant le système RVI. Le redémarrage de l'ATA pourrait être amorcé à ce point.

- Pour entrer les points décimaux d'une adresse IP, appuyez sur la touche * (étoile). Par exemple, pour entrer l'adresse IP 191.168.1.105, procédez comme indiqué ci-dessous.
  - Appuyez sur les touches 191*168*1*105
  - Appuyez sur la touche # (carré) pour indiquer que l'adresse IP entrée est complète.
  - Appuyez sur le **1** pour enregistrer l'adresse IP ou appuyez sur la touche * (étoile) pour annuler l'entrée et revenir au menu principal

Using OBiTALK to Call Other OBi Endpoints

This OBi is ready to make FREE calls to other OBi endpoints using the **OBiTALK** network. On the bottom of your unit, you will see a 9-digit OBi Number. This is your OBi Number. Give this number to your friends, family and colleagues so they can call you from their OBi device or using an OBi software application for PCs or mobile phones.

To use the **OBiTALK** network, all you have to do is install your OBi, pick up the phone and then call your friends by dialing **9 and their nine-digit OBi Number.

At any time, you can make a test call to the OBi Number below:

Dial **9 followed by: **OBiTALK Test No: 222 222 222**

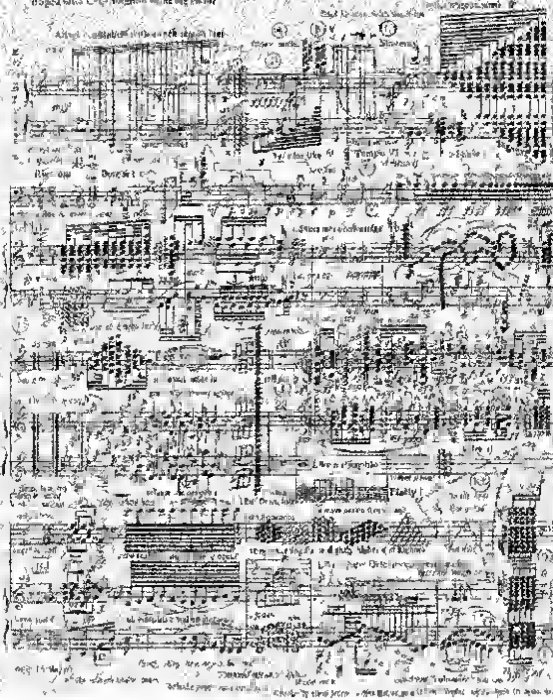
FAERIE'S AIRE and DEATH WALTZ

(from "A Tribute to Zdenko G. Fibich")



Powered by ExamFX Online Training & Assessment

Policy Provisions, Riders And Options

By the nature of the different policies available, agents will learn about which policies can make two policies the same.

Provisions define the characteristics universal from one policy to the next. **Riders** provisions that already exist in the policy. **Options** or distribute a sum of money at a specified time have a good understanding of the different future life insurance transactions.

Activities of daily living (ADLs) – a person's ability to perform basic self-care tasks, such as eating, transferring, toileting, dressing or bathing.
Assignment – transfer of rights in a policy.
Consideration – something of value required to make a contract binding (e.g., money or a promise to perform a service).
Indemnity – a principle of insurance stating that insurance should not result in a profit for the insured; the insurer reimburses the insured for the actual amount of the loss.
Lump sum – payment of the entire benefit in one payment.
Minor – a person under legal age.
NAIC – National Association of Insurance Commissioners; an association of state insurance regulators established to promote uniformity in insurance laws.
Principal – the face value of a bond, which the issuer promises to pay the holder at maturity.

A. Policy Provisions

While there is no "standard policy," the provisions adopted by the National Association of Insurance Commissioners (NAIC) create uniformity throughout the industry.

1. Entire Contract

The *entire contract* provision stipulates that the **policy and a copy of the application**, along with any riders or endorsements, constitute the entire contract. No statements made by the insured can alter the contract unless they are included in the application. Neither the insurer nor its agents can change provisions once the policy is in force. Any change being affixed to the contract must be approved by the insurer's president or secretary.

Non Profit Professional Liability Policy
Common Policy Conditions

Except for the Common Policy Conditions the terms and conditions of each Coverage Part shall apply only to that Coverage Part unless otherwise provided. If any provision in these Common Policy Conditions is inconsistent or in conflict with the terms and conditions of any Coverage Part, the terms and conditions of such Coverage Part shall control for the purposes of that Coverage Part.
Any defined term referenced in these Common Policy Conditions but defined in a Coverage Part shall for the purposes of coverage under that Coverage Part have the meaning set forth in that Coverage Part.

I EXTENDED REPORTING PERIOD

A. If the Policy expires, is cancelled or non-renewed for any reason other than non-payment of premium, the **Parent Organization** shall have the right to purchase an Extended Reporting Period to report any **Claim(s)** first made against an **Insured** during the twelve (12) months, or twenty-four (24) months or thirty-six (36) months after the effective date of such expiration, cancellation or non-renewal (depending upon the Extended Reporting Period purchased). An Extended Reporting Period shall only apply to a **Wrongful Act** or **Wrongful Employment Act** committed before the date of such expiration, cancellation or non-renewal. For the purpose of this clause any change in premium terms or terms on renewal shall not constitute a refusal to renew.

B. The additional premium for the Extended Reporting Period shall be 36% of the annual premium set forth in the Policy Declarations for the twelve (12) month period, 75% of the annual premium set forth in the Policy Declarations for the twenty-four (24) month period and 150% of the annual premium set forth in the Policy Declarations for the thirty six (36) month period. The Extended Reporting Period begins on the expiration date or the effective date of cancellation or non-renewal of the Policy. The **Parent Organization** must notify the **Company** in writing and must pay the additional premium due above no later than thirty (30) days after the effective date of such expiration, cancellation or non-renewal.

C. All premium paid with respect to an Extended Reporting Period shall be deemed fully earned as of the first day of the Extended Reporting Period.

D. The Limits of Liability available during the Extended Reporting Period shall not exceed the balance of the Limits of Liability available on the expiration date or effective date of the cancellation or non-renewal of the Policy.

E. Coverage for **Claim(s)** first received and reported during the Extended Reporting Period shall be in excess over any other valid and collectible insurance providing coverage for such **Claims(s)**.

II DEFENSE AND SETTLEMENT

A. The **Insured** shall not consent or agree to arbitration of any **Claim** without the written consent of the **Company**. The **Insured** shall not, except at personal cost, make any offer, any payment, admit any liability, settle any **Claim**, assume any obligation or incur any expense without the **Company's** written consent.

B. If a **Claim** is made against an **Insured** for **Loss** that is both covered and uncovered by the Policy, the **Company** will pay one hundred percent (100%) of **Defense Costs** for the **Claim** until such time that the Limits of Liability of the Policy are exhausted by payment of a covered **Loss** or the **Claim** for the covered **Loss** is resolved by settlement, verdict or summary judgment.

C. The **Company**, as it deems expedient, has the right to investigate, adjust, defend, appeal and with the consent of the **Insured**, negotiate the settlement of any **Claim** whether within or below the Retention. If the **Insured** refuses to consent to a settlement recommended by the **Company** the **Company** is not obligated to pay any **Loss** or defend any **Claim** after the Limit of Liability has been exhausted by payment of **Loss**.
The **Company's** obligation to the **Insured** for **Defense Costs** and **Loss** attributable to such **Claim(s)** shall be limited to:

(a) The amount of the covered **Loss** in excess of the **Retention** which the **Company** would have paid in settlement at the time the **Insured** first refused to settle

(b) Plus covered **Defense Costs** incurred up to the date the **Insured** first refused to settle

(c) Plus seventy five percent (75%) of covered **Loss** and **Defense Costs** in excess of the first settlement amount recommended by the **Company** to which the **Insured** did not consent

It is understood that payment of (a) (b) and (c) above is the limit of the **Company's** liability under this Policy on any **Claim** in which the **Insured** fails or refuses to consent to the **Company's**

Greetings Earth people,

I am an alien life form from an intergalactic galaxy. I have transposed myself onto this sheet of paper. For years my people have been visiting your planet in hopes of finding a more suitable living environment for our population. After careful consideration the "LOG" (League of Galaxies) have determined that your planet is more screwed up than ours, so we decided to stay where we are.

Love,

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315 2750 9AM to 5:30 PM M-F Pacific Time

E-Mail: insi-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/tub-fax_trial.html*, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315 2750 for additional details.

2. This fax is not a solicitation nor is it an offer sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

Dial Tone Detection	**PASS**
Fax Line Condition Test	**PASS**
Fax Line Noise Test	**FAIL**

High-frequency noise detected

The fax modem has detected high-frequency noise on the telephone line. This noise might be caused by a DSL/ADSL connection and might affect the printer's ability to send and receive faxes.

Please check the items below then rerun this test.

If you have a DSL/ADSL service through your telephone company, connect a DSL/ADSL filter between the telephone wall jack and the printer. The DSL filter removes the digital signal that can interfere with the printer, so the printer can communicate correctly with the phone line. For setup information, see the documentation provided with the filter.

NOTE: If you have a DSL/ADSL line and you do not connect the DSL/ADSL filter, you cannot send and receive faxes with the printer.

If you encounter problems, contact your local service provider or vendor for further assistance.

If you do not have a DSL/ADSL service, check the sound quality of the phone line by plugging a phone into the telephone wall jack and listening for static or other noise. For more information, contact your telephone company.

Note: Your printer might still be able to send and receive faxes, but at a slower speed.

If you do not have a DSL/ADSL service, check the sound quality of the phone line by plugging a phone into the telephone wall jack and listening for static or other noise. For more information, contact your telephone company.

If you are using a private branch exchange (PBX), you might be able to send and receive faxes successfully. If so, disregard the Fax Line Noise Test results on the page.

Refer to your User Guide for more information on the fax test and settings.

Who we are	
Who is providing this notice?	This notice is provided by Citibank, N.A. for individual clients of its retail banking business in the United States.

What we do	
How does Citibank protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures to comply with federal law. These measures include computer safeguards and secured files and buildings.
How does Citibank collect my personal information?	We collect your personal information, for example, when you • provide account information or give us your contact information • provide employment information or apply for a loan • make deposits or withdrawals from your account We also collect your personal information from others, such as credit bureaus, affiliates, or other companies
Why can't I limit all sharing?	Federal law gives you the right to limit only • sharing for affiliates' everyday business purposes – information about your creditworthiness • affiliates from using your information to market to you • sharing for nonaffiliates to market to you State laws and individual companies may give you additional rights to limit sharing. See below for more on your rights under state law.
What happens when I limit sharing for an account I hold jointly with someone else?	Your choices will apply to everyone on your account – unless you tell us otherwise.

Definitions	
Affiliates	Companies related by common ownership or control. They can be financial and nonfinancial companies • *Our affiliates include companies with a Citi name; financial companies such as CitiMortgage, Inc., Citibank (South Dakota), N.A., Citigroup Global Markets Inc. and Banamex USA.*
Nonaffiliates	Companies not related by common ownership or control. They can be financial and nonfinancial companies. • *Nonaffiliates we share with can include companies engaged in direct marketing and the selling of consumer products and services.*
Joint marketing	A formal agreement between nonaffiliated financial companies that together market financial products and services to you

Other important information	
For Vermont Residents. We will not share information we collect about you with nonaffiliated third parties, except as permitted by Vermont law, such as to process your transactions or to maintain your account. In addition, we will not share information about your creditworthiness with our affiliates except with your authorization.	
For California Residents. We will not share information we collect about you with nonaffiliated third parties, except as permitted by California law, such as to process your transactions or to maintain your account.

You can fax something interesting to 1-888-877 1695 (your base will never evolve... maybe) or 1-503-200 1308 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to strip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Merkels Schwäche, Macrons Niederlage?

Der Reflexdruck bei dieser Bundestagswahl war nicht nur ein Schock für Deutschland sondern auch eine schlechte Nachricht für Europa. Denn wie stark infrage ich sich Angela Merkel in ihrer vierten Amtszeit auf eine große EU Reform einlassen wird – auch angesichts der äußerst schwierigen Regierungsbildung.

Wie anders stellte sich die Lage vor dem 24. September dar. Erstmals seit Jahren hatte sich ein Fenster für ambitionierte Vorhaben geöffnet. Und auf die alte und neue Kanzlerin wartete jenseits des Rheins ein erklärt „germanophiler" französischer Präsident, der sich als idealer Partner für eine weitreichende Europapolitik in Stellung gebracht hatte.

Emmanuel Macron bestritt schon seinen Präsidentschaftswahlkampf im Frühjahr dieses Jahres offensiv mit einer pro-europäischen Agenda. Auch nach seiner Amtsübernahme plädierte er immer wieder mit viel Verve für vertiefte europäischen Zusammenarbeit. Und während er im Inland mit einigen allzu forschen Äußerungen[1] damit ziemlichen Kredit verspielt hat, bleibt er außenpolitisch auf Kurs. Bei seiner vielbeachteten Rede vor der Athener Akropolis am 7. September beschwor er gar ein „neues Europa".

Tatsächlich ist die Zeit für Europa reformen so günstig wie lange nicht mehr. Die Wahl Donald Trumps macht ein eigenständigeres Auftreten auf der Weltbühne nötig. Mit Macron könnte dem zuletzt belasteten deutsch-französischen Tandem neues Leben eingehaucht werden. Und das wachsende Chaos in das sich die Briten mit ihrem Austiegsreferendum gestürzt haben, lässt europaweit die Zustimmung zur EU wachsen, wie eine Umfrage nach der anderen belegt.

Dieses Momentum will Macron nutzen, wie er in seiner Grundsatzrede am 26. September erneut unterstrichen hat. Um die Handlungsfähigkeit der EU auch gegenüber autokratischen Regierungen wie in Polen und Ungarn zu stärken, plädiert er für eine engere Kooperation der Eurostaaten. Sie sollen eine Art Kerneuropa bilden, das politisch und wirtschaftlich vorangeht. Dieser Kern soll eine gemeinsame Wirtschaftspolitik auf demokratischer Grundlage betreiben. Geht es nach Macron, wird eine ein Finanzminister der Eurozone folgen, der über ein eigenes, großzügig bemessenes Budget verfügt. Damit könnte er nicht zuletzt Investitionen in Europa anstoßen, wovon sich Macron auch einen wachstumspolitischen Impuls für Frankreich versprecht.

Kontrolliert werden soll dieser Finanzminister von einem eigenen Parlament der Eurozone. Zudem schlägt Macron vor, dass künftig nicht mehr nur nationale Parteien zur Europawahl antreten, sondern transnationale Listen. Dann stünde im Parlament nach stärker als bisher die politische Orientierung statt der nationalen Zugehörigkeit im Vordergrund, zumal die Listen sich zuvor auf eine gemeinsame Programmatik einigen müssten.

Macron sind diese europäischen Vorhaben deswegen wichtig, weil er ihnen seine Innenpolitik unterordnet. So versieht sein Kabinett eine geplante Steuerentlastung damit, dass Haus-

1 So schlägt er, Journalisten könnten seinen komplexen Gedanken nicht folgen und auf Schnellfeuer oder „Mitraillette" die Antwort sind. Vgl. Philippe Marlière, An bestial, im de Bojourno!, www.laibrairie.fr, 11.9.2017

tervis university

Hello Leaders!

The HR team is working on our training and development plan for 2014 and are excited to begin a new year full of learning and development opportunities for everyone at Tervis. We would like to get your input on training opportunities you would like to see offered in 2014. Below is a link to a brief survey which should take 5 - 10 minutes to complete. Thank you for your continued support!

Thanks you for [illegible] Pl[illegible]ndscaping in your new divisional hea[illegible] with for the concept phase as agreed earlie

Since your available area is somewhat limited, we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the situation that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements. Please call me in the interim if you have any questions

Comment:
Hello, we took a tour of the house on Sunday the 18th and we really liked it. This is probably a long shot but do you think the owner would possibly consider leasing the house for 12 months with an option to buy afterwards? We had to short sale our last home in 2010 due to the housing crash and can't get qualified for a new mortgage until later this year / early next year. We hate to miss out on such an awesome place like this one. Thanks

How to help your computer wait on hold

If your computer does not wait on hold longer than a few short seconds when you receive a call, you can make an adjustment to extend the hold time. Your computer can use a standard modem setting to wait on hold longer when you take a call waiting call. To set your modem's hold time, you have to be offline and follow the applicable instructions below. If there is already a different setting being used, add the s38 setting to the end, with no spaces.

WINDOWS 95, 98, ME

Click on *My Computer*, *Control Panel*, *Modems*, *Properties*, *Connection* and *Advanced*, then click in the Extra Settings window and type a s38=254 and press [ENTER] on the keyboard. Click OK and exit.

WINDOWS XP

Click Start, Control Panel, Network and Internet Connections, under See Also, click Phone and Modem Options, and then click Modems. Highlight your modem and click Properties then Advanced. Click on the Extra Settings box and type a s38=254 and press [ENTER] on the keyboard. Click OK and exit.

AMERICA ONLINE

On the Sign-on screen, click Setup, then Expert Setup. On the Connection Setup window, click the Devices tab. Click on your modem. If it's not already highlighted. Click Edit, and then in the Expert Edit modem window, click Edit Commands. Type s38=254 in the Setup modem String box and click OK.

FREQUENTLY ASKED QUESTIONS AND PROBLEM SOLVING

Using Catch-A-Call with Caller ID

Since Catch-A-Call helps you receive call-waiting calls your Caller ID service and display device must also work with call waiting. For best results, telephone companies recommend connecting the caller ID device directly to the wall since caller ID phones can have a hard time reading the data through switching devices such as the Catch A-Call.

When Catch-A-Call rings, my FAX machine or Answering Machine does not answer

The Catch-A-Call rings when there is a call-waiting call to help you get calls while you are on-line. Telephones, Fax machines and answering machines are not made to ring a response to the phone company's call waiting beep. When Catch A Call rings, answer the telephone or fax machine handset that is plugged directly into the Catch-A-Call. To activate call waiting and get the new call. If the call is a fax, place the FAX machine into "Manual Receive Mode" then hang up the handset. On many fax machines, you will also have to press the START button to begin reception.

When I take a call-waiting call, I lose my Internet connection

The Catch A-Call function is made to keep your line free so you can take important calls. Your computer and Internet Provider will only allow you to place them on hold for a short time before they disconnect your connection on their own. The exact hold time depends on the ISP, the equipment and programs you are using.

When I'm on-line, callers get a busy signal or Voice Mail answers every call

A busy signal or go ring right into voicemail is as related to Catch-A-Call. This is a signal from your Phone Company to show that they can't complete the connection because your line is busy. The problem is when your computer calls your Internet Provider it is dialing *70 as part of the phone number. *See on the previous page "To Enable Call Waiting"*

When I'm on-line, callers hear the line ring, but there is no alert from my Catch-A-Call

This is a symptom of having a little lower than average line voltage on your phone line. Catch-A-Call has an adjustable sensitivity feature to correct this. Pick up the phone handset and dial ###8 1 which will make 1 more sensitive to the call waiting beep. Your Catch-A-Call will ring in response to the change. This is applicable to model 68701 and higher.

When I'm on-line, the Catch-A-Call rings in error when nobody is calling

This is a symptom of having slightly higher than average line voltage. This causes your Catch A Call to ring in response to computer noises that it wouldn't normally detect. You can make your Catch A Call less sensitive to line signals by adjusting its sensitivity. Pick up the phone handset and dial ###8 3 to make your Catch A-Call less sensitive to the phone company's call waiting beep and other line noises. Your Catch-A-Call will ring in response to the change. The standard sensitivity setting is ###8 2. This is appl cable to model 68701-6 and higher.

I cannot hear my Catch-A-Call ring, but the call light flashes when there is a call

Since people's range of hearing may differ, Catch A-Call features adjustable ring tones. Please see previous page for assistance on how to adjust the ringing tones as they are more audible to you.

How does Catch-A-Call work with distinctive ring?

The Catch-A-Call is made to reproduce just active call waiting signals. If you subscribe to Distinctive Ring service from your phone company, it will alert you to people dialing your alternate phone numbers. **NOTE:** FAX machines will not detect the Catch-A-Call's ring.

For installation or operation help, please check out the expanded FAQ at the Catch-A-Call web page at: www.catchacall.com. Just click on the product you need assistance with. Technical Questions as well as Comments or return authorization can be directed to techsupp@wallak.com

Warranty This unit is warranteed to be free from defects for the period of **Three Years** from the date of purchase. *The warranty covers parts, labor, and returns shipping to you, but not all accessories.* ICS will repair or replace any defective product at our discretion. Warranty does not cover misuse or damage, other than due to normal operating conditions. If you need to send it in, contact us through the above web page for a **Return Authorization number**. GET YOUR NEW THIN CLIENT SYSTEM UP AND RUNNING

Congratulations—welcome to enhanced security, reduced cost, less risk and a system that's a whole lot easier to manage.

HP ThinPro thin clients help improve productivity with quick deployment of a simple, familiar and more reliable computing experience.

It's easy to get started.
This quickstart guide illustrates some of the most common tasks of setting up an HP ThinPro thin client. It's designed to help you get up and running right out of the box. However, if you have questions, need more information or want to set up a more unique configuration, please refer to the *HP ThinPro Administrator Guide* at **www.hp.com/support/manuals/thinclients**. Select your thin client and its respective guide under *General Reference*.

LOGGING ON AND GETTING STARTED

The HP ThinPro interface appears when you first turn on the thin client and defaults to User Mode.

User Mode
- Allows restricted rights to subset of access connection creation and control panel applications. Allows restricted rights to subset of access connection creation and control panel applications.

Administrator Mode
- Allows full access to control panel applets, main partition of HP ThinState Capture and Deploy, FTP images, etc.
- Defines which connections and connection types are visible when in User Mode, and limits users on deleting connections or creating new ones.

Note: You must log in with administrator permissions to access all components of the HP ThinPro user interface. The default password for Administrator Mode is: root.

To switch between User and Administrator mode:

1. Click the HP logo in the bottom left of the screen

or

2. Position your cursor in the screen background and right-click. Then, select **Administrator/User Mode Switch**.
3. Enter your password.

Quick tip

To determine if you are in User or Administrator mode:

A blue banner at the top of the console window designates User Mode.

A red banner at the top of the console window designates Administrator Mode.

Wireless Inkjet Office All-In-One

PROBLEM 1:

Deadlines are tough enough to meet without having to constantly replace ink cartridges.

SOLUTION: With the optional **XL or XXL pigment black ink cartridges**, you can print more and not worry about replacing your ink as often.

PROBLEM 2:

You left your laptop at home and you need to print email attachments for a meeting.

SOLUTION: With **AirPrint**℠ you can print wirelessly from your iPad® iPhone® or iPod® touch directly to your printer — no drivers needed.

Problem Solved.

A [illegible] ladder leans against a [illegible] building. The ladder is 20 feet long. The bottom of the ladder is pulled away from the building at a rate of [illegible] feet per second.

(a) How fast is the top of the ladder moving down the side of the building when the top is 12 feet above the ground?

(b) How fast is one angle of the triangle formed by the ladder, building, and ground changing then? (Hint: You will need the value found in part (a).)

(c) At what rate is the area of the triangle formed by the ladder and the ground changing then?

b. Let $f(x) = \sin^{-1}(\frac{x}{2})$

(a) Find the derivative of $f(x)$, $f'(x) = ?$

Dear Subway Inc.,

Your cheese slices are shaped like this

fig1 isosceles cheese

This is great because it allows you to tessellate the cheese across the sandwich like this:

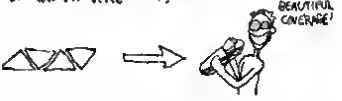

fig2 life worth living

However, you guys never do this. Instead you always arrange your cheese like this:

fig3 soul-crushing disappointment

Please stop doing it like that.

WORKING?

HOSTIGAMIENTO O ACOSO

Por el beneficio y la seguridad de todos nosotros debemos operar nuestros negocios en un medio ambiente que no sea hostil ni ofensivo. El hostigamiento basado en la edad, raza, creencias religiosas color credo, nacionalidad, género o sexo, orientación sexual, impedimentos si es o no veterano estado civil ni ninguna otra cosa prohibida por las leyes locales, estatales o federales sencillamente no la toleraremos.

El hostigamiento puede tomar muchas formas incluyendo ser hostigado y ser el hostigador. Ninguno se acepta y se repudia. El hostigamiento abarca un amplio campo de actividades y circunstancias que incluyen pero en se limitan a las siguientes

- Hostigamiento verbal tal como amenazar molestar hacer conversarias ofensivas o sugestivos o bromas sobre ciertos grupos étnicos raza, sexo, nacionalidad edad, alguna inepitud física o de otra naturaleza, preferencias sexuales, religiones o creencias.

- Acosamiento físico tal como agredir o bloquear el paso de alguna persona interponerse o de alguna manera interferir físicamente en el desempeño normal del trabajo o los movimientos de alguna persona, pellizcar, agarrar, abrazar o besar a alguna persona.

- Hostigamiento o acosamiento no verbal tal como hacer gestos insinuantes o sugestivos mirar de reojo a otra persona de manera lujuriosa o lascivamente, colocar artículos denigrantes u ofensivos gráficas o dibujos con descripciones sexuales.

- Hostigamiento o asedio sexual tal como hacer proposiciones sexuales rechazadas o pedir favores sexuales, violación o alterar o tratar de violar a cualquier persona

- Conducta física o visual de naturaleza sexual tal como penetrar o una persona apoderarse, hacer bromas obscenas, miradas o comentarios sugestivos o sonidos insultantes

- Comentarios gráficos o verbales de naturaleza sexual sobre la anatomía o formas del cuerpo de alguna persona

- Exhibir en el lugar de trabajo objetos, carteles, dibujos o fotografías sexualmente sugestivas o insinuantes.

El asedio o acoso puede iniciarse cualquier persona y de cualquier parte incluyendo

- **Sus compañeros o compañeras de trabajo**
- **Sus proveedores**
- **Sus clientes**
- **Su supervisor**

Si alguno de ustedes cree que ha sido objeto de hostigamiento o asedio por parte de un supervisor compañero(a) de trabajo cliente proveedor o de cualquier otra persona involucrada en su trabajo, debe reportarlo inmediatamente este incidente a su supervisor respectivo. Si la queja involucra a su supervisor inmediato, o si se siente incómodo o incómoda en hablar sobre este con su supervisor debe reportar el asunto al Departamento de Relaciones Humanas

Es importante que todos sepan que cualquier queja de hostigamiento o asedio se investigará rápidamente y cuando sea necesario, se tomarán las acciones correctivas correspondientes. Toda investigación de estas quejas se manejará bajo la más estricta confidencialidad, hasta donde nos sea posible Ningún empleado será castigado ni tampoco sufrirá ninguna clase de sección adversa o represalia por el hecho de haber puesto una queja de asedio u hostigamiento, de buena fe, o la atención de la compañía

Si nos tratamos los unos a los otros con respeto y ofrecemos ayuda cuando se necesite, nuestro lugar de trabajo será un lugar mucho más seguro y más placentero trabajar allí.

My Fundraising Progress:

$0 | My Commitment: $4,200.00

At the age of 63 I was diagnosed with prostate cancer. In August of 2007 I had a robotic radical prostatectomy at the OSU James Cancer Hospital. Thanks be to God and the experienced doctors and staff at the James Cancer Hospital I am now a cancer survivor.

I now need YOUR help! cancer is now attacking my family! My daughter Brett Ann (Yates) Jump, has been diagnosed with breast cancer. She has undergone surgery and will start chemotherapy and radiation treatments this summer. She has a wonderful husband (Mike) and two children, Davidson (age 7) and Bella (age 4). Brett Ann has a strong will and can accomplish anything she puts her mind to so cancer doesn't have a chance. This is especially true if we all join forces to eradicate cancer. Follow Brett's cancer Blog at http://brettannhartlaw.blogspot.com

I will be riding in this year's Pelotonia bike tour with my son Brock, my son-in-law Ron Jump...and over 3,000 other riders! Pelotonia is a grassroots bike tour with one goal: to end cancer. It is a cycling experience that will take place August 19th-21st. The ride will span two days and will cover as many as 180 miles. I am writing to ask you to help me reach my fundraising goal of $1200. Large or small, every donation makes a difference. 100% of every donation will fund essential research at The Ohio State University Comprehensive Cancer Center - James Cancer Hospital. We will be riding for Brett, for you, for your families, for your friends. We ALL are touched by cancer and together we will find a cure.

To make a donation click in the "DONATE TO MY RIDE" area above. It is a simple and secure way to accept any size donation you wish.

Thank you very much for your Prayers, Thoughts and Donations.

Ernest M. Yates

P.S. All women are encouraged to have a mammogram as early as possible. Men: ask your doctor to perform a simple PSA blood test. It's never too early to establish your PSA base line. The higher a man?s PSA level, the more likely it is that prostate cancer may be present.

A MAN HAS COME ON THE INTERNATIONAL SCENE, AND MANY WHO ARE OF THE JEWISH FAITH ARE CONVINCED THAT HE IS INDEED A JEWISH LEADER AT HEART.

"And the beast which I saw was like unto a leopard, and his feet were as *the feet* of a bear and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority." **Rev elation 13:2 (KJV)**

> **Join Our "I BELIEVE** *We are looking for Jesus Christ to send out the Antichrist. That means we should avoid that many "cautious men" who from nowhere first talk so much about control of Greece, be touched by George Soros, have formed alliances with Russia and is talking with Pope Francis about a peace treaty. It is said Israel and the Palestinians we thought was just maybe years to know about it.*

His name is Alexis Tsipras and it seems that he meets much of the criteria of the prophesied Antichrist. He was just sworn as the Prime Minister of Greece. He is an atheist and a far left winger. His party in Greece is called SYRIZA. He has appeared out of nowhere in the last couple of years almost frantically. It is his radical, heroic or a most provocative attention. Greece is bankrupt in the euro to save it and also the EU which is struggling and grasping at almost anything the enemy I'm right? Although many that are c

On Sept 17, 2014 Mr. Tsipras met with Pope Francis at the Vatican. He was the first leader of a left wing party that met the head of the Roman Catholic church ever. This is not surprising with this Pope, because he is mainly secular, and very "Green", always talking about global warming and people hurting the earth. That is, apart from talking about sin. Pope got up formerly and was so very secular. No problem that one claims to be the head *of the "Church" on the earth*, and the other a staunch atheist. Could like that these are unconventional times and many things that be the public? I would say absolutely so.

Terry James of Rapture Reader wrote a piece on the possibility of this participating. *Antichrist*. It is made strong point at the beginning of the prophecy that we should be looking for the glorious appearing of our Lord Jesus Christ to Rapture His church from this earth.

Here are two examples from Terry James article on "the rising "Antichrist"

Antichrist, Apollo, Pope Francis

> There has surfaced, in my view at least, an archetype of the leader to come who will be the first beast of Revelation 13. That generation is not yet in the Tribulation, but is experiencing precursors of it. And last seven years that makes us know that is now all unprecedented matches it, yet almost. Likewise, a leader has become known as one of the coming Roman Empire, one whose emergence makes the observant Bible prophecy student suspect ever more so really that Antichrist is certainly in the shadows of the immediate future.

Student Performing Arts Series 2017 - 2018

January 29 2018

Dear Principal,

The Corpus Christi Concert Ballet Company again presents **The Student Performing Arts Series** (SPAS) two (2) Student Matinees of *Cinderella* in the 2018 academic school semester.

Due to a generous grant from our Donors, the cost of admission has been reduced to $1 00 per student for Cinderella. Attached are flyers listing performance dates, venues, and times, and event reservation forms to be distributed to your teachers. The Educational Matinees are held during the school day and are in compliance with the TEA guidelines for educational-related absences involving Fine Arts Education events.

Please share this field trip opportunity with your teachers and classes interested in attending these fine performances. Your quick response by March 2, 2018 will insure a reservation for your students. Seats are reserved on a first come-first serve basis and each school is allowed 200 seats for Cinderella, which may be divided between two matinees Schools are responsible for the transportation to and from the events.

This unique fine arts series offers exposure to professional performing arts productions, provides intellectual stimuli, and helps develop non-verbal thinking skills, nurturing creativity in our area youth.

Sincerely,

Nancy Sulik

Nancy Sulik *Artistic Director*
Corpus Christi Concert Ballet

See the descriptive flyer and the reservation form attached. Also enclosed is an educational booklet which teachers may use as a lesson plan prior to the Cinderella performance containing ballet terminology, a theatre etiquette guide, a synopsis of the Cinderella ballet as well as some areas to color! A PDF file is available upon request at cceballet@sbcglobal.net.

For more information please contact SPAS Educational Ballet Coordinator Priscilla Vasquez-Flores at (361) 728-6124 or via email at pvf17@aol.com.

BUC Personalized Boat Evaluation Service℠

CONFIDENTIAL

The BUC Personalized Boat Evaluation Service℠ is designed to assist buyers and sellers in establishing a realistic market value based upon the statistical analysis of comparable sales and current economic conditions affecting the pleasure boat market place. The econometric techniques employed in this process have continually evolved since 1961, when BUC® first published its New and Used Boat Price Guides. The comparable sales database now contains over 1,000,000 records. This evaluation is based upon selections from the database according to the descriptors provided below.

INSTRUCTIONS: Please type or print the required information in the spaces below the labels. Be as complete as possible. The more accurate you are the greater the chance of finding previous comparable sales and the greater the accuracy of the market sales determination. If any answer is not known but you wish to make what you consider a reliable estimate, indicate (est.) after the item. Items marked with a bullet (•) are mandatory. Where necessary you may use the abbreviations listed on page 3. Be sure to complete all three pages except the section for "BUC USE ONLY"

I understand that this request for the BUC Personalized Boat Evaluation Service℠ is being made for my use and for no other purposes. I further understand that the final report shall contain the following language and I am making this request subject to the following:

The record is to be evaluated using the BUC Personalized Boat Evaluation℠ Software and the BUCVALU℠ database of Boat Sales Reports. BUC will take all reasonable steps to ensure the completeness and accuracy of this report. However, for various reasons, including the subjective nature of visual evaluations and the possibility of inaccurate or unavailable information regarding comparable vessels and sales data, BUC does not make any warranties whatsoever regarding this report, and BUC EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. PETA upset with President Obama killing a fly

WASHINGTON (AP) – President Barack Obama's fly-swatting act isn't sitting well with People for the Ethical Treatment of Animals.

PETA says it wants Obama to try taking a more humane attitude the next time he's bedeviled by a fly in the White House.

PETA is sending Obama a Katche Bug Humane Bug Catcher, a device that allows users to trap an insect and then release it outside. PETA says it supports "compassion even for the most curious, smallest and least sympathetic animals."

During an interview for CNBC at the White House on Tuesday, a fly intruded on Obama's conversation with correspondent John Harwood. When he couldn't shoo it away, Obama did away with the fly by swatting it with his hand.

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back any more!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

Requirements: A marker 6 m (20 ft) away at eye level, a stopwatch, comfortable shoes, and assistive devices that would normally be used (eg, cane, walker).

1. GAIT LEVEL SURFACE

Instructions: Walk at your normal speed from here to the next cone (20 ft away).

Comments: Mark the highest category that applies.

3) Normal: Walks 6 m (20 ft) in less than 5.5 seconds, no assistive devices, good speed, no evidence for imbalance, normal gait pattern, deviates no more than 15.24 cm (6 inches) outside of the 30.48-cm (12-inch) walkway width.

2) Mild: Walks 6 m (20 ft), uses assistive device, slower speed, mild gait deviations, or deviates 15.24–25.4 cm (6–10 inches) outside of the 30.48-cm (12-inch) walkway width, or requires minimal assistance to maintain balance, steady but unsteady, or uses a wheelchair or walker.

1) Moderate: Walks 6 m (20 ft), uses assistive device, slower speed, moderate gait deviations, or deviates 25.4–38.1 cm (10–15 inches) outside of the 30.48-cm (12-inch) walkway width, or requires moderate assistance to keep from falling, unsteady but able to maintain balance, able to walk 6 m (20 ft), uses assistive device.

0) Severe: Cannot walk 6 m (20 ft) without assistance, severe gait deviations or imbalance, deviates greater than 38.1 cm (15 inches) outside of the 30.48-cm (12-inch) walkway width, or walks outside the walkway, requires more than assistance to keep from falling.

2. CHANGE IN GAIT SPEED

Instructions: Begin walking at your normal pace. When I tell you "Now walk as fast as you can," continue walking until I tell you "Stop walking." When I tell you "Now walk slowly," walk slowly for 6 more m.

Comments: Mark the highest category that applies.

3) Normal: Able to smoothly change walking speed without loss of balance or gait deviation, shows a significant change in speed, uses effective arm movements, good symmetry.

2) Mild: Able to change speed but has minor gait deviations, or no deviations but unable to achieve a significant change in velocity, or uses unnecessary arm movements.

1) Moderate: Makes only minor adjustments to walking speed, or accomplishes a change in speed with significant disturbance in gait, or deviates 25.4–38.1 cm (10–15 inches) outside the 30.48-cm (12-inch) walkway width during the change in speed, or uses poor arm movements during change in speed, or has a significant loss in balance during change in speed.

0) Severe: Cannot change speed, or loses balance, or grabs for support.

3. GAIT AND PIVOT TURN

Instructions: Walk at your normal pace. When I tell you "Turn and stop," turn as quickly as you can to face the opposite direction and stop.

Comments: Mark the highest category that applies.

3) Normal: Turns safely within 3 seconds and stops quickly with no loss of balance.

2) Mild: Turns safely within 3 seconds and stops with minimal adjustments to maintain balance, or turns safely in more than 3 seconds and stops with no loss of balance, or requires small steps to maintain balance.

1) Moderate: Turns slowly, requires several steps to maintain balance, or requires assistance to keep from losing balance, or has staggering or lurching gait.

0) Severe: Cannot turn safely, requires assistance to turn and stop.

4. STEP OVER OBSTACLE

Instructions: Walk at your normal pace. When you come to the shoe box, step over it, not around it, and keep walking.

Comments: Mark the highest category that applies.

3) Normal: Is able to step over 2 shoe boxes (combined height of 22.86 cm [9 in]) without touching either box and without changing gait speed, no evidence of imbalance.

2) Mild: Is able to step over 1 shoe box (height 11.43 cm [4.5 in]) but touches it with foot or needs to reduce gait speed, or unsteady but maintains balance, able to step over 2 shoe boxes but may require verbal cueing to do so.

1) Moderate: Is able to step over 1 shoe box but must stop walking before stepping over box or must significantly reduce gait speed, or loses balance on step but recovers with verbal cueing, or must make more than 2 attempts to step over 1 shoe box within 22.86 cm (9 inches).

0) Severe: Cannot perform without assistance.

HOMEMADE INSECT REPELLENTS

Catnip is one of the best herbal insect repellents. You can place sprigs of this plant in a sachet and place around the home, or make a tea that can be sprayed.

Various combinations of clove oil, lemon oil, and peppermint oil* diluted in much greater amounts of water have proven to be very effective insect repellents. Mosquitoes, wasps, ticks, flies, and many other insects are affected. This method is very safe, inexpensive, and easy to use, and can be used on people, pets, and clothing.
**Refers to essential oils, not extracts. Can be found in the natural food section of most grocery stores or specialty stores that sell herbal products.*

Boil lemon peels, mint leaves, and sage leaves (*amounts can be adjusted to suit taste*) for a few minutes, then allow to soak overnight in a covered pan. Strain and mix 50/50 with rubbing alcohol, and pour into a spray bottle.

The essential oils of rose geranium or pennyroyal* are excellent tick repellents. A few drops on your dog's collar works very well. (Do not use on cats) or you can make a spray with 15-20 drops combined with 2 tablespoons almond oil (vegetable oil can be substituted if necessary).
**Do not use around any people or pets who are pregnant, or trying to become pregnant.*

To keep your dog flea free: Slice a lemon thinly, including the peel. Add it to one pint boiling water and steep overnight. This can be sponged on the animal's skin, or kept in a spray bottle for easy use.
**Do not use on cats.*
